HOLLAND STONE

a luxury you can afford

Inside, outside, you'll find the rich quarried look of HOLLAND STONE adds a touch of real elegance to your building designs. And yet, HOLLAND STONE is one of the most economical building materials today. Its unique versatility in size and shape lends a structural freedom to builders, meeting new ideas, as well as cost problems. Comes in a wide choice of naturally warm, distinctive colors, plus Colonial white.

Helping the World Grow Better

Advantages of Fall Plowing Down of ORTHO FERTILIZERS

1. Gives opportunity for part of spring work to be done when time is less critical.
2. Allows winter freezing and thawing to mellow heavy soils and provide better seed bed.
3. Causes fields to dry and warm up earlier — permits earlier planting.
4. Avoids soil compaction from working fields when too wet.
5. Escapes planting delays caused by wet springs.
6. Reduces run off and increases stored moisture.
7. Increases yields of many crops.
