Lancaster Pony Club To Host Mock Rally

A pony club mock rally has been announced by Mrs. Jill Hassler, district commissioner of Lancaster Pony Club, to take place at Lancaster pony club headquarters, located at Drumore, on Sat., Oct. 26, starting with Dressage at 9:00 A.M., followed by cross country at 12:00 noon and stadium jumping at 2:30 P.M. and ending with a parade of horses and the presentation of awards.

Mr. and Mrs. Kirke Bryan, of Norristown, who are national examiners for the United States Pony Clubs, will judge the dressage, and William Murry, District commissioner of Delaware Pony Club, will judge the stadium jumping.

There will be fifty contestants, ranging in age from nine to seventeen, and representing, Delaware Pony Club, Newark, Del., Middletown P. C., Middletown, Del., Brandywine P. C., Pocopson, Pa., Bridlewild P. C., Brvn Mawr, Pa., Mr Stewart's Cheshue Foxhounds P. C., Unionville Pa., Rose Tree P. C., Daring Pa and Lancaster, Pa.

The public is invited Refreshments will be available on the grounds

DID YOU KNOW—The Pennsylvania section of the Appalachian Trail begins at Pen Mar on the Pennsylvania-Maryland border, near Waynesboro, crosses the State in a northeasterly direction and leaves Pennsylvania in the vicinity of the Delaware Water Gap (Dept of Forests and Waters)

CHECKING THE CROP—Donald B. Snyder, of Lititz, 21-year-old senior at The Pennsylvania State University, unloads a crate of apples to be stored and pressed into cider for sale at the 55th annual Horticulture Show at the University Snyder, son of Mr and Mrs. Warren B Snyder, RD 3, Lititz, a horticulture major, is chairman of the November 2-3 production

Increase In Postal Rate

Postal customers were reminded this week that higher parcel post and catalogue rates went into effect last Saturday

The rate increase will average 10.5 percent and in most cases will mean an additional ten cents postage per parcel

The higher rates were approved by the Interstate Commerce Commission in July

Under the new rates the minimum charge for local parcel delivery will go from 40 to 50 cents The minimum charge for parcels destined outside the local delivery area increased from 50 cents to 60 cents

Almost all parcels that were charged up to \$1.10 under the former rates will be 10 cents higher This accounts for more than 80 percent of all parcel post

The increase amounts to 15 cents on most parcels previously charged between \$1.10 and \$4.00, and 20 cents on parcels previously charged over \$4.00

Parcel post rates are based on weight of the package and the distance it is mailed

Higher rates for the delivery of packages and catalogues are required to bring revenue from this type of mail within four percent of operating costs, as required by law The higher rates are designed to put parcels and catalogues, which are fourth-class mail, on a break-even basis

Additional revenue is needed from parcel post and catalogues to offset higher costs resulting

Ducks Grow Fast

Ducks are about the fastest growing domesticated animals say extension poultry specialists at Penn State They weigh slightly over one-tenth of a pound when hatched and increase their original weight 60 times during their first eight weeks If the calf from a beef animal would grow in the same manner, it could weigh about 2 1/4 tons at eight weeks

About 200,000 of the 800,000 citizens of Canton, China, live their entire lives on water — in junks, on rafts sampans barges etc — no rent to pay

You hear a lot these days about fertilizers being uniform. But only UNIPELS have all the prescribed nutrients chemically and physically uniform from pellet to pellet! Not just from ton to ton, or even bag to bag. So, the ingredients cannot be segregated or separated. And, unlike other fertilizers, every pel-

let has the same shape and density for maximum uniformity when applied from a broadcast-type spreader. So, if you're planning to broadcast and plow down this fall when there's extra time and manpower available, remember: no fertilizer is better suited for broadcast-

What's so uniform about UNIPELS?

casting than UNIPELS — "The All-Season Fertilizer."
