

The Hosler's Graduate From VISTA Course

A recently married area couple, Mr. and Mrs. Eugene H. Hosler, were among 45 trainees who were graduated from a VISTA training program in Atlanta, Ga.

Hosler and his wife, the former Lucille Hershey, daughter of Mr. and Mrs. Glenn Hershey, Manheim R3, will spend a year working with the Economic Opportunity Coordinating Group of Broward County, Inc. in Fort Lauderdale, Fla.

Hosler, son of Mr. and Mrs. Mark W. Hosler, Manheim R3, and his wife are graduates of Manheim Central High School. They were married in June.

Hosler studied business administration at Elizabethtown College for a year and worked in a hospital in Allentown for two years before joining the VISTA program in September.

The 22-year-old Hosler won many 4-H awards while in high school. In 1964 he was awarded Pennsylvania's top swine project honor.

In his eight years in 4-H activities, Hosler won the coveted Keystone 4-H award, the highest honor a 4-H youth can receive at the state level.

A former treasurer and president of the Red Rose 4-H Baby Beef and Lamb Club, Hosler also was a member of the county livestock judging team that won the state 4-H championship in 1964 at Pennsylvania State University.

You cannot help the wage earner by pulling down the wage payer.

THE SHOW AND THE WINNER at the New Holland Sales Stables Inc. Dairy Show Thursday morning. Pictured with the champion, Old Land Reflection Jesse are (left to right) Dennis Kolb, showman; H. D. Kennedy, who brought the cow from Wisconsin two years ago; John L. McKittrick, Judge, Melvin Kolb and Marvin Eshleman, owners and Paul King, herdsman. The fresh,

five-year-old cow sold in the afternoon sale for \$1700 at Avalong Farms, York. Top selling cow of the day was consigned by H. D. Matz. His Very Good Alverson Sovereign Supreme Daughter sold to George Knight from Maryland for \$2,000. The top ten cows averaged \$1360; the top 20 averaged \$1130 and the top 100 head averaged \$697. L. Anyone who grows corn or soybeans knows that our soils tend to be acid. You contribute quite a bit to this acidity each time you apply fertilizers. □ But Ortho UNIPELS have a "low calcium carbonate equivalent." This means that UNIPELS cause less depression of your soil's pH. And you know with a more favorable soil pH you

are bound to get higher yields. □ On top of that, UNIPELS, plowed down in the fall, work for you all year 'round: fall, winter, spring, and summer. That's why it's called "The All-Season Fertilizer" □ Come see us soon for the facts

How you save on liming costs with Ortho UNIPELS

and figures on how you can save money on liming costs and earn more money from higher yields with UNIPELS.

Local Farmers Attend Agway Annual Meeting

Improved sales and earnings for 1967-68 were reported to Agway Inc. members attending the cooperative's fourth annual meeting at Syracuse, New York October 24-25.

Edmund H. Fallon, executive vice president and general manager, told some 4,000 farmers present that sales for the year were \$392 million, \$2 million more than the prior year. Earnings of \$65 million were \$1.4 million ahead of 1966-67.

Attending the meeting from this area were Henry Shenk, Raymond Weaver, John Campbell, Roy Book, Robert Kreider, Morris Zook, Amos Petersheim, John Yost, Harry Herr, Witmer Rohrer, Harry Hershey, Barry Kurtz and Kenneth Emerson, Unit Manager, Lancaster, Pa.

Agway is a purchasing and marketing cooperative owned by 102,000 farmers in 12 northern states.

In his report to members, Fallon said Agway feed tonnage had dropped slightly, from 2,077,000 to 2,049,000 tons, chiefly due to the continuing decline in poultry numbers in the Northeast.

On the other hand, Fallon said sales of petroleum products reached a new high of 370 million gallons up 52 million gallons from the year before.

Among new projects reported to members was a program to expand Agway insurance service to include complete life, health, accident, property and casualty coverage. A new unit, Agway General Agency, Inc., has been formed to handle insurance sales.

Another recent development, Fallon said, was Agway's joining with a number of dairy cooperatives to form an organization to carry out dairy product
