• For The Farm Wife
(Continued from Page 14)

is a retired farmer. Her sister Matilda always helped at home. She is a member of the First Reformed Church of the United Church of Christ, 40 E. Orange Street, Lancaster and active in the Ladies Guild.

Miss Workman is a member of the James Buchanan Chapter of Eastern Star of Lancaster. She is also a member of and a past president of the Lancaster General Hospital Auxiliary.

Her hobbies are needlework and gardening. She has made needlepoint chair seat covers for 8 or 10 chairs in their home, crocheted tablecloths, edgings etc and done beautiful embroidery and hemstitching. She has a sizeable vegetable garden where she grows many more vegetables than they can eat and they can and freeze all they can use besides giving many to their friends. She also grows flowers and even enjoys the colors in the fall of the weeds that escape her hoe in the summer.

She and her sister have many

beautiful pieces of antique furniture and china. Elizabeth says "I like the china the best." They also have old linen articles made from flax grown on the old homestead. The needle-work on these pieces is very intricate and made from original designs.

Besides these activities she enjoys helping her sister with the housework and cooking and they enjoy entertaining their relatives and friends. If you can get away from their house without sampling some of their food you're different from most people because if you can't eat there you're given a sample to take with you. One of their recipes which is a little different but very delicious and easily and quickly made is
