

Care Adds \$381,000 To Help Nigeria-Biafra War Victims

Additional distributions of \$181,000 worth of baby cereals and rice, bought in the United States, and \$200,000 in locally purchased foods or relief supplies have been authorized by CARE for starvation victims of the Nigeria-Biafra conflict.

The high-protein baby cereals, totalling 50 tons at \$25,000, and 500 tons of unpolished rice at \$156,000, will be delivered to Biafra through the facilities of the International Committee of the Red Cross, coordinating agency for outside relief assistance. Each food represents a combination of proteins and carbohydrates, to meet urgent nutritional requirements reported by relief officials on the scene.

Needed food and relief materials available in Nigeria and neighboring countries will be purchased by William Bault, CARE disaster aid specialist based in Lagos. Working in conjunction with the ICRC, they will be delivered through hospitals, clinics and relief centers serving refugees in areas under Nigerian control.

A second CARE man, Philip Janes, of Bloomfield, Conn., is en route to Lagos from his post in India to assist in the emergency program. Both Bault, who comes from Villanova, Pa., and Janes are veterans of the massive famine relief program CARE conducted last year in Bihar, India.

Previous CARE aid in the Nigeria-Biafra crisis totals approximately \$200,000, including food, drugs, vitamins, medicated soap, reconstruction equipment for an orphanage destroyed in the hostilities, farm and rebuilding tools for resettled refugees. Operations began last July.

MEMBERS OF THE WARWICK FFA CHAPTER receiving their trophies last week at the Pennsylvania Crop Improvement Association Banquet in Harrisburg. They are Jesse L. Balmer, (left), Litz R4,

winner of Maturity Group IV with 217 bushels per acre and Kent Fritz, (right), Litz R3, winner in the Maturity Group III with 203 bushels per acre. In the center is Clair Zerby, Vo-Ag instructor at Warwick.

Richard G. Peacock

Peacock Has Joined Nutritional Staff Of Local Feed Company

Richard G. Peacock has joined the nutritional staff of Miller & Bushong, Inc., where he will work with Dr. Thomas Culton, General Manager of feed production, in research and formulation.

Peacock obtained his B.S. Degree in Poultry and Agricultural Sciences from the University of Connecticut in 1963, and his Masters Degree in Poultry Nutrition and Biochemistry from the same institution in 1965.

On January 15, 1969, Peacock successfully passed the requirements for his Doctor's Degree in Poultry Nutrition at the University of Maryland.

Mr. and Mrs. Peacock have taken up residence at 1521 Passey Lane, Lancaster.
