Why I took my loan business to the Key Bank

That's where they talk my language. There's Stanley Musselman in the agricultural loan department. He knows farming as well as I do. He gave me some good advice on planning for profitable management — even had some ideas on how I could improve my operation. The cost of my loan was detailed so that I had a clear understanding of where I was headed financially. I recommend the Key Bank to get the best farm management advice and any loan needed to improve your farming operation. Just ask for Stanley Musselman.
