

SEVERAL LOCAL POULTRYMEN were present Monday at Erb's Super Market in East Petersburg for the first of a series of displays in local stores featuring the Pennsylvania Farm Show Banner won by the county in January. They are (left to right) Allen Groff and

Kenneth Hoffer, both Manheim R4 poultrymen; Harold Esbenschade, President of Lancaster County Poultry Association; Hager Erb, Owner of Erb's Super Market and Jay W. Irwin, Associate County Agent. L. F. Photo

Warning

Before using any pesticides, the Penn State Extension Service says read this.

Use pesticides only when necessary

Use pesticides only at the recommended dosages and timing to keep residues on crops and animals within the limits set by law.

Avoid spray or dust drift to other crops and bee yards Cover food and water containers in livestock areas.

Read the label and follow the safety precautions stated. Maintain a pesticide use record and inventory.

Wear protective masks and clothing if so directed on the label

Local Eggs

(Continued from Page 1)

poultrymen, Hager Erb, owner of the supermarket and Jay W. Irwin, Associate County Agent

The real star of the event, however, was three-year old Grayson Wagner Little Miss Wagner brought her mother, Mrs. Sally Wanger, 2595 State Street, East Petersburg, along to pick up some of the fresh eggs on display "I like eggs," Grayson said "I eat them in the morning"

The banner was won for the best and largest display of eggs from one county at the annual Farm Show in Harrisburg The sign calling attention to the eggs reads, "Congratulations Lanc. Co. Poultrymen We are proud to supply our customers with these fresher Lancaster County Eggs"

"Singing Nation"

The Welsh people are called the "singing nation" because it is as natural for them to sing as it is for most people to talk Their famous singing festivals, the Eisteddfods, have a history of many centuries.

Avoid inhaling pesticides. Never eat or smoke while spraying or dusting

Avoid spilling spray materials on skin or clothing. If spilled, wash off immediately with soap and water

Wash hands and face and change to clean clothing after spraying or dusting Wash spray clothing after each day's use

Store pesticides in original containers and out of reach of children, pets, or livestock and away from food or feed Keep pesticides in a locked storeroom or cabinet marked "Pesticides—Keep Out"

Dispose of empty containers so that they are no hazard to man, especially children, and animals.

Do not contaminate streams, ponds, and water sources or otherwise endanger wildlife

If poisoning symptoms develop from pesticides, medicines, or any other poison source, show your physician a label of the material involved. He can phone one of the Poison Control Centers for complete information as to treatment

Tons more alfalfa per acre for less than \$1.00 worth of new PARTRON™

INSECTICIDE

PARTRON insecticide is a specially formulated methyl parathion. It gives you the fastest and most complete protection. All major foliage insect pests are controlled—Alfalfa weevils, Aphids, Leafhoppers, Spittlebugs, Worms, Plant Bugs, Grasshoppers, Lygus Bugs. With Partron you'll avoid the severe damage caused by alfalfa insects. Alfalfa insects can take 60 to 80% or more of your first cutting. You can't help but gain by using the complete control of PARTRON. Less than \$1.00 per acre is a small investment to insure a profitable alfalfa crop.

There's no reason to lose valuable alfalfa when Partron insecticide is so effective and low in cost With the quick action of PARTRON you will positively prevent damage and break the life cycle of alfalfa weevils and other destructive alfalfa insects.

The excellent control of Partron helps you to reduce following generations of insects. Your control gets much more effective and economical each time you spray. You can easily afford to keep insect populations down when PARTRON costs so little.
