

**Wood Tick**

The American Dog tick, often called the wood tick, is most common at this time of the year. Parents are urged to examine their children after being on a picnic or in a wooded area; ticks are often found on the head or near the hair-line. Dog owners are also urged to inspect their dogs at least once a week for the next month or so; this is especially true if the dog is permitted to roam through the woods or in brushland. A heavy tick infestation will reduce the dog's vitality and spoil his disposition. Dogs may be treated with a 5% malathion, sevin, or malathion dust. Be on

will be held at 6.30 p m. July 24. This will be a covered dish family picnic, to be held at the home of Mr. and Mrs. Charles Frey. There will be no meeting in June.

**SOCIETY 5**

A Mother-Daughter buffet luncheon at the home of Mrs. Abram Weidman, Manheim R1, was the feature of a meeting of the Society of Farm Women 5 with 60 members and friends attending.

Mrs. Weidman was in charge of devotions and Mrs. Hiram Graybill was in charge of distributing prizes for the group.

The next meeting of Society 5 Receiving recognition were:

Mrs. Bessie Graybill the oldest member; Mrs. Mae Lefever and Mrs. Amos Eisenberger, mothers with the longest continuous membership; Mrs. Glenn Shenk, the youngest mother; Mrs. Abram Weidman, for having the most daughters present, and Mrs. Guy Musselman, mother coming the greatest distance.

During the business session, conducted by president Miss Elizabeth Workman, a contribution was given to the Association for Retarded Children of Lancaster County, and to Halfway House, through the County Project.

Also on the program was a concert given by the Bell Ringer Choir of Covenant United Methodist Church, Lancaster.

The next meeting of Society 5 will be held June 28 at the East

Petersburg Church of the Brethren, with Mrs. Amos Eisenberger as hostess.

What many of today's young women need is a good, long look at themselves—in a full-length mirror.

**PP&L's  
FRANK TAYLOR  
has the  
final touch  
for your home  
remodeling  
plans—  
ELECTRIC  
HEAT.**

If this is your year for home modernization, it's definitely your year to switch to flameless electric heat. It's the modern heat that can actually create new living space by doing away with the central furnace and fuel storage. The modern heat that, having no fuel, doesn't create soot or grime. The modern heat that lets you have room-by-room temperature

control. The modern heat that's as quiet as an electric light bulb.

If you plan to truly modernize, then choose the truly modern heat—electric. For a free estimate of operating costs under PP&L's special low total electric living rate, and expert answers on any of your questions on the advantages of electric heat, call PP&L today and ask for Frank Taylor.
