

# AGWAY

**AGWAY CHOICE** is a pelleted complete 12% protein ration for horses and ponies. It is based on alfalfa and beet pulp to provide bulk and eliminate the need for hay. Horses like pellets which stay fresher longer than ground feeds, are easier to handle and are less dusty.

**AGWAY TRIM** is partly pelleted with Mirra Coat\* to be fed with hay. Supplies extra protein, balances calcium, phosphorus, trace minerals and vitamin A to prevent night blindness, help grow healthy hooves and promote reproduction. Horses like the coarse, crisp texture. Mirra-Coat gives a pliable skin with a sleek, prize-winning sheen. Stimulates hair regrowth over bare and thin spots, helps get rid of skin scale and loose dandruff.

Mirra Coat\* is a product of the Borden Company.

**AGWAY RESPOND** is specifically formulated for horses with heaves. RESPOND eliminates most heaves causing allergens, add extra vitamins and minerals essential to treating heaves. A complete feed, RESPOND replaces all hay and grain and is so perfectly balanced nutritionally, it is ideal for normal horses as well as for horses with heaves.

**AGWAY TONE** is a pelleted vitamin, mineral and high protein supplement for colts, mares in foal, stallions in season or horses whose nutritional requirements are critical. It protects against hidden nutritional deficiencies in simple grain, hay and oats feeding.

**AGWAY CHAMPION** gives your horses extra protein (14%). Fed with hay, it promotes growth, helps foals, weanlings and yearlings develop strong bones and muscles. Or CHAMPION will keep mature horses in good condition. Minerals (including essential iodine) are included to balance forage deficiencies.

**AGWAY H S FLY SPRAY** A fly killer and repellent for stable flies, barn flies and horseflies. Safe to spray in the stable and on horse. Won't stain riding clothes.
