## Agway's new Mill Queen Dairy Feeds

**combine  
low prices  
with productive  
nutrition**

Mill Queen, Agway's newest line of dairy feeds, is specially formulated to give your feed dollar the highest purchasing value on the current feed market.

All products in the line contain a 70-plus energy and TDN level — better than two pounds of milk potential in every pound of feed. All contain no more than 8% fiber, no less than 3% fat. All are fortified with vitamins and minerals to protect against marginal deficiencies.

Mill Queen feeds are available with 16% or 20% protein — meeting a wide range of forage programs.

**Guarantees  
and ingredients  
for Mill Queen 16 Pellets**

Crude Protein (min.)	16.00%
Crude Fat (min.)	3.00%
Crude Fiber (max.)	8.00%
TDN	1400 + — 20 lbs.
Net Energy	70 + — 1 therm
Calcium	1.00%
Phosphorus	.75%

Fortified with vitamins A, D, and E.

### Which Mill Queen for your dairy farm?

An Agway feed specialist can help you decide. Just give us a call, and we'll be glad to discuss your feed requirements with you and help you select the best feeds for your particular needs.
