

4-H Club Activities

GARDEN SPOT By Rickey Burkhart

The Garden Spot 4-H Community Club met on Wednesday Evening, August 13. The Club met at Dwight Houser's home to start the annual project tour. Dwight Houser gave a demonstration on Swine Raising. After seeing Salley Brunner's project she gave a demonstration on Indoor Flowers. The club then moved to Gary and Ron

old Hostetter's home and saw their projects of sweet corn and a dog house built by Gary in the Handyman club. We ended our tour at Rickey and Rhonda Burkhart's home and saw Rickey's rabbits and Rhonda's flowers.

The meeting was called to order by Jeff Risser. The minutes of the previous meeting were read and approved. Carolyn Landis gave a demonstration on How a Flower Garden should be made. After the close of the meeting Rickey and Rhonda Burkhart played several numbers on their banjo and guitar. The members enjoyed a

doggie roast to round up the evening.

The next meeting will be held on August 27th at 12.30 at the Guernsey Sales Barn to travel to Nottingham and tour the Herr's Potato Chip Factory.

EGGS, EGGS, and more EGGS!

with Ful-O-Pep
Egg Ration Series

Providing complete nutrition to hens is Ful-O-Pep Egg Ration Series prime responsibility. Adjusted by season-in energy and protein content, it reduces losses from production slumps and smooths valleys and peaks in production curves by perfectly suiting the feed to fit the local climate. This is supported by the

high rates of lay during the winter months that have been obtained from its use. Efficient feeders know that Ful-O-Pep Egg Ration Series is a result getting feed that performs exceptionally well, and on an economical basis. We have the whole story — check on our complete Phase Feeding Program. Stop in and see us today!

NEW VAN DALE FORAGE BOX. Auger-type "beaters" wheel out forage and silage with ease.

Exclusive auger-type "beaters" deliver all kinds of materials under all kinds of conditions. No chopping, clogging. Unloading auger-beaters are counter-rotating, meter material without bunching.

Two worm gear drives and sealed self-aligning roller bearings throughout assure long life.

Available in 16 and 18-foot sizes, with a full 7' inside load width. Van Dale Forage Boxes self-unload either right or left side with a simple change of the roller chain. Exclusive 9" cross-conveyor overhang prevents spillage. Easy on-off metal roof and wood extension add to useful height. Great for larger loads, receiving bales.
