ing. They were making the 4th cutting on the 32" x 13' plots. L. F. Photo

October 5-11 Is National Newspaper Week

Governor Raymond P. Shafer today issued the following, proclaiming the week of October 5-11 as National Newspaper Week and Saturday, October 11, as Newspaperboy Day in Pennsylvania:

Week is observed again this year, we are once more reminded of the impact of this giant educational industry.

"Newspapers are a living textbook. Among families where books are not deemed necessary or favored as a recreation, there is still the daily newspaper, full of information and enlightenment. For a small amount of change, one can be kept apprised of vital issues and events of the world and, indeed, of the universe.

"Our newspapers have continued to grow in scope Along

with the hard news is a variety of public service reports, in depth and definitive studies on major subjects, and measurements of and presentations for public opinion.

"Pennsylvania is also proud to have such a fine system used for the main distribution of its newspapers. Our newspaperboys, in distributing the news the quickest way possible, are providing an important service while personally learning the fundamentals of business

"Therefore, as Governor of the Commonwealth of Pennsylvania, I am happy to hereby proclaim October 5-11, 1969, as NEWSPAPER WEEK and October 11, 1969, as NEWSPAPER-BOY DAY in Pennsylvania, in honor of those involved in and responsible for this great medium, and I urge my fellow citizens to join in this well-deserved tribute"

RED LEAVES ARE FLYING
 Red Leaves flutter to the ground
 Along the Street
 That soon grow crisp and brown
 Beneath our feet.

Some days we note the
 Urgent hurried flight
 Of flocks of birds
 Enroute to Southern Site.

Skies now begin to darken
 Earlier these days
 While sunsets grasp frantically
 Day's edge with golden rays.

There are no words that quite
 Can tell the Season's Story
 No figures ever can compute
 Fall's Annual Glory.

The World is filled to brim
 With Beauty over-flowing
 For every Autumn Day is
 shaped
 In New Triumphant Glowing.

The one fellow who always
 gets his request fulfilled is the
 fellow who asks for trouble.

Selma Cox

10% extra daily gain—on 8% less feed
 ...with Ful-O-Pep Super Cattle-izer Beef Supplement

We've got the figures! Over 175 lots of steers and heifers have been fed Ful-O-Pep Cattle-izer at the Ful-O-Pep Research Farm. The usual improvement was 7% to 12% in daily gain... on 6% to 10% less feed per cwt. gain... with usual net return of \$3 to \$7 more per head! Comparison lots were fed exactly the same except for the "Cattle-izer." It's a great new development in ruminant nutrition.

How does it work? The "Cattle-izer" principle changes the proportion and concentration of several organic acids produced in the rumen... resulting in about 10% more useful energy from the feed.

Let us show you more records... more details on how Ful-O-Pep Super CBS can help you get faster, more efficient gains... higher net returns! Come in.
