Atlantic Breeder's Coop, Nat'l. State, and County Holstein Ass'ns, Pa. Farmers' Ass'n, Ronks Fire Co, Pres of Lancaster Milk Mktg Comm, Board of Directors, Lancaster Milk for Health, and Pres Interstate Dist 6. He is also a member of Paradise Mennonite Church.

Sangrey's 127 acre farm is lo-

cated in Conestoga Twp, and he also rents 165 acres. He feeds 250 steers and 200 hogs. His crops are 25 acres of tobacco, 40 acres of wheat, 200 acres of corn, and 40 acres of barley. Sangrey is a member of the Green Hill United Methodist Church.

Kettering owns one farm, which is located in East Hempfield Twp., and rents two farms in Manheim Twp., totalling 265

acres. His main crops are corn, wheat, barley, and hay. He specializes in dairying with 50 Reg. Holsteins and also feeds 100 steers and 400 hogs. Kettering is a 4-H leader and a member of the Lancaster Holstein Club, Pa Farmers' Ass'n, and National Holstein Ass'n. In church activities he is a deacon at the East Petersburg Brethren Church, a Sunday School Supt, and an Adult Class Teacher.

Kreider, who is in a partnership with Noah Kreider and Sons, owns farms in Penn Twp, farming a total of 850 acres. His main crops are potatoes, corn, alfalfa, and small grains. He is a member of Interstate Milk Producer's Coop, Lancaster Milk Marketing Commission and Pa and Lancaster County Holstein Ass'n. Kreider is also a member of the Mount Joy Mennonite Church.

Guest speaker was Glenn Edick, Vice President at Agway. Edick said times are changing and to prove his point he gave the following figures on Lancaster County farm changes in the last 10 years: milk cow num-

bers went from 69,000 head in 1960 down to 64,000 in 1969; but hog number went up from 52,000 head to 78,000 during the same period. Laying hen numbers stayed about the same but alfalfa hay tons decreased by more than 50 percent from 110,900 tons in 1959 to 51,000 tons in 1968.

To cope with the change the Vice President recommended the use of computers, increased research, expanded marketing programs, and what he called the Enterprise Package where field men are acquainted with a farmer's program from beginning to end.

Edick reported Agway is making a serious effort to support law and order. "We are taking a strong, internal position to obey all laws," he said, "and we will support all law enforcement officers and make

an effort to get others interested."

Amos Funk, Millersville R1, was honored for long service to the cooperative; door prizes were awarded and the Trebla-aires gave vocal selections.

**Apply Lime In The Fall
For A Better Crop
Next Summer**

Fall liming assures proper limestone distribution in the soil, ready for spring planting. The freezing and thawing of winter aid in the process of limestone dissemination. So, why wait, correct your soil deficiency now by liming, and reap a bigger harvest next summer.
