

Frederick J. Marsh
NATIONAL TRUCK DRIVER OF THE YEAR

Tips from a Pro

TROJAN HYBRIDS

High-Powered Hybrids With "Ripe" Ears
On Green Stalks

Test Weight — How would you like corn that makes over 60 lbs per bushel? Our best has hit 65 lbs. Solid proof of Trojan's high oil content and feeding qualities.

Shell-Out — Would you believe 85%? We've got "super shellers" for you right now — will have even more next year.

Rodent Problems

The rodent problem on trees and shrubs is present in many places and we have already noticed rabbit damage to some plants. With continued snow cover this damage could get much worse and some shrubs may be damaged beyond recovery. Owners are urged to place aluminum foil, hardware cloth, or chicken wire around these plants to prevent serious injury. The material should be put at least two feet high to give protection after a heavy snowfall. We are aware of some liquid materials that can be sprayed on the trunks of trees and shrubs but due to the need of frequent spraying and uncertain results, the mechanical protection is recommended.

Farm Leases

Farm leases and partnerships should be in writing and should be reviewed at least once each year. The time of the year is approaching when many farm agreements will be made and interested parties are urged to make these in a businesslike manner. When the details of the agreement have been reached, they should be put in writing and all parties receive a copy. When the lease is reviewed or renewed each year it reminds the partners of their obligations and gives a chance for both parties to see if the lease is doing its intended job. When the partnership arrangements are in writing, there is less change of misunderstanding and dissatisfaction.

Evacuation's Extent

The Allied evacuation of Dunkirk during World War II was completed June 3, when some 338,000 British, French and Belgian troops reached English

I can do all things in him who strengthens me.—(Phil. 4:13).

God created us with infinite potential to be a self-motivated, forward looking, positive-minded individual. In looking beyond the mists of doubts, fears, and anxieties, we will find new and miraculous ways to use our power that comes from the Spirit. Minimize the appearance of negation, and real opportunities for growth, progress and success will be revealed.

A new milk production record for October was set last month when Pennsylvania farms produced nearly 272 million quarts.

The State Crop Reporting Service reports the record-breaking October production topped the October 1968 production by more than 8 million quarts.

Average production per cow amounted to 374 quarts compared to 363 quarts in October 1969.

Cow numbers in October were estimated at 725,000, up 1,000 from September's estimate but 1,000 less than in October 1968.

Hillary's Feats

Sir Edmund Hillary, known chiefly for making the first ascent of Mt Everest, was also the first man to reach the South Pole overland since Capt. Robert F. Scott accomplished the feat in 1912.

we recommend
K DUPONT KARMEX
DIURON WEED KILLER

for weed control in alfalfa

- ECONOMICAL
- LONG LASTING
- EFFECTIVE
