How these impartial tests are made

Consumer Reports is published monthly by Consumers Union, a nonprofit, public-service organization. CU has absolutely no connection with any manufacturer and prohibits the use of its findings for promotional purposes. It accepts no advertising, no "gifts" or "loans" of products for testing, no contributions from any commercial interest. It derives its income from the sale of its publications to over 1,500,000 subscribers and newsstand buyers all over the U.S.

Consumers Union's own shoppers buy, on the open market, random samples of automobiles, clothing, foods, household appliances and supplies, photographic and sports equipment, cosmetics, hi-fi components, and most other kinds of products you may be thinking of buying. These are tested comparatively by chemists and engineers. Each regular monthly issue of *Consumer Reports* brings you the latest findings, with ratings by brand name and model number as "Best Buy," "Acceptable" or "Not Acceptable."

Facts you need for your family's welfare

In addition, *Consumer Reports* brings you a wide range of authoritative—sometimes startling—articles. You regularly receive candid,
