

GRANGE NEWS

Fulton Grange #66 held their semi-monthly meeting January 28 at their hall in Oakryn with the Master, Richard Holloway, conducting the business meeting. The Youth committee is planning to have a sledding party Jan 21, (today) 7:30 p.m. at the home of Miss Sylvia Shirk, Cardinal Drive, Quairyville R.1, if there is snow, if not they will have a fun party.

Mrs. Stanley Stauffer Jr. presented the program which featured one of the Lancaster Co. blue-ribbon square dance team prize winners at the Pa. Farm Show. Taking part were Mr. and Mrs. Roy Eager, Mr. and Mrs. Stanley Stauffer Jr., Miss Sylvia Shirk, Clifford Holloway III, Mrs.

Elaine Stoltzfus and Robert Findley. John C. Hoffman, Quairyville, showed some very interesting pictures of a big game hunting trip four local men took to British Columbia, Canada, last summer. The trip was made by plane and horseback.

Mrs. Stauffer conducted a "Truth and Consequences" game with Mr. and Mrs. Thomas Galbreath, Mr. and Mrs. Ambrose Giffing, Mr. and Mrs. Gyles Brown, Mr. and Mrs. Norman Wood participating. They are to conduct a scavenger hunt until the next meeting and bring in a number of articles. The winning couple will receive free turkey supper tickets.

The program theme for the Feb 9 meeting will be "Pollution On The Farm." The Junior Grange will meet that night also.

Farm Women

SOCIETY 29

An informal fun night and come-as-you-are meeting of Society of Farm Women 29 was a relaxing evening out for members as the 25 women chatted together and discussed materials needed for the February meeting when a handicraft program is planned.

The January meeting was held in the home of Mrs. Allen Esbenshade, Mount Joy R1, with Mrs. Jay Stauffer serving as co-hostess. Mrs. Dale Hiestand, vice president, conducted the brief business meeting in the absence of the president, Mrs. Ronald Ober.

During the business portion, Mrs. J. Stanley Newcomer reported on the activities of the state convention and presented the five resolutions adopted by the state delegates concerning education, religion and patriotism. She particularly emphasized the resolution encouraging each person to work on conservation of natural and historical resources, beginning in her own area, even in her own back yard, if need be.

When You Choose Canned And Frozen Vegetables
Most canned and frozen vegetables are packed and priced according to quality or grade even if the grade isn't indicated.

Grade A or Fancy means top quality, tender succulent vegetables with excellent flavor and color.

Grade B or Extra Standard means slightly mature vegetables with good flavor and color.

Grade C or Standard are mature vegetables not as tasty or good-appearing as Grades A and B.

Whole vegetables or specially sized vegetables usually cost more than cut styles.

Fancy — cut vegetables are more expensive than other cut styles.

Dices, short cuts and vegetables pieces are least expensive.

The US grade name on a can or package means the vegetable has been packed under continuous USDA inspection.

The grade name or the continuous inspection statement may be shown within the USDA shield.

Safety Pays

If someone's clothes catch fire force him to drop or lie down wherever he is. If a rug, coat or wool blanket is available, roll the person into it to smother the fire.

If no heavy article is handy roll him over and over until the flames are out.

The natural tendency when clothes catch fire is to run. This only makes the fire burn faster and increases the danger of flames and smoke sweeping up toward the face.

Use care when you're near open flames.

Children Need Encouragement

As a parent, try to objectively appraise your child's ability. Then encourage and even insist that he work up to that capacity.

Help your child dream enough to realize what he can or can't do.

Then provide encouragement, rather than pressure to help him seek his goals.

Heat Lamps

The use of heat lamps is very common about the farm and many non-farm premises, they can be used to warm rooms and motors, and to keep pipes and pumps from freezing. On livestock farms many are used to warm the area of a new-born pig or lamb, this is very important in extremely cold weather. I'd like to caution all users to be certain that the heat lamp is well fastened so that it will not drop down into bedding or other flammable material, and that the unit is safely out of reach of all animals. In times of stress and excitement animals may not behave normally and will attack these fixtures in their pens.
