

Northeast Tractor

The first meeting of the Northeast Area 4-H tractor Club was held Tuesday February 3 at 7:45 at the Farmersville Equipment Company, Farmersville, Pa. Twelve boys between the ages of nine and 19 attended.

The club will meet once a week for seven weeks to learn tractor safety and maintenance work.

The following officers were elected at the first meeting: President, Dennis Martin, Stevens R1; Vice President, Jeffrey Pfautz, Stevens R1; Secretary, Jay Zimmerman, Stevens R1; Treasurer, Galen Hackman, Den-

ver R2; and News Reporter, Robert Zimmerman, Denver R1. Robert Zimmerman and Jeffrey Pfautz were elected to County Council. Advisors of the club are John Zimmerman, Reinholds R1, David Zimmerman, Reinholds R1, and Ivan Nolt, Farmersville, Pa.

The next meeting will be held February 10, at 7:45 at Farmersville Equipment Company.

Central Tractor

The 4-H Central Tractor Club met Tuesday night at Landis Brothers Equipment with 20 boys attending. Dudley Rohrer gave a demonstration on spark plugs and the importance of cleaning them periodically.

The next meeting will be at Landis Brothers on February 10.

Hunter Safety Training Urged

This is an ideal time of year for youths to start thinking about taking a hunter safety course.

Despite months of pleading by the Game Commission for youths to complete their hunter safety training early last year, there were thousands in October and November who still had not completed the course and found they were ineligible to purchase hunting licenses.

Fortunately, voluntary hunter safety instructors were able to take care of most requests for training last fall, but it would ease the minds of both instructors and youths if the 1970 classes could be completed before the "last minute."

The Game Commission reminds youths that no hunting license will be issued to any person under the age of 16 years unless he presents either (a) evidence that he has held a hunting license in Pennsylvania or another state in a prior year, or (b) a certificate of competency showing that he has successfully completed a course of instruction in the safe handling of firearms and bows and arrows.

GROWERS FERTILIZER SOLUTIONS

On-the-Farm Delivery by Growers Trucks

- applied in the row is one of the best and quickest complete analysis starter fertilizers on the market today.
- applied as a foliage spray is very quickly absorbed through the leaves.
- are 90 to 95% available to the plant.
- are non-toxic, non-corrosive and non-poisonous to animals
- will not freeze
- are delivered to the farm to 300 gallon Growers owned and maintained bulk tanks
- are applied by inexpensive equipment offered by Growers.
- give larger yields, result in earlier maturity, lower moisture content, and better quality in crops
- offer a more economical and easier means of fertilization
- improve soil conditions and farm production when used in conjunction with the "Growers Program"

Paul S. Ebersole, Elizabethtown R. D. 1, got 190 bu. yield per acre with a Growers Fertilizer Solution cost of only \$6.90 per acre.

NEW... biggest feedmaker built!

Gehl leads again Big, new 120-bu. Mix-All combines "biggest-of-all" capacity plus Gehl's commercial-quality grind and mix ability. One demonstration will prove the 115MX can help you manage more livestock. Here's why:

- Exclusive hay feeder smoothly feeds bale slices to the mill.
- 120-bu. mixing tank, plus new 21 in. mill increase feedmaking capacity 40%.
- 66 thin cutting hammers—more per sq. ft. of screen area than other mills.
- 10 foot, high pivot (46") auger unloads feed where you need it.

These and many other features put the giant 115MX way ahead of competition. More farmers — 35,000 of them — own Mix-Alls than any other make.

Make us Prove it with a Demonstration!
