

# Retired Teacher Has Busy Life

(Continued from Page 17)

Marian Ressler, who was an art supervisor in Manheim Township School, to make ceramics.

Her latest interest is flower arranging. She is taking lessons from Mrs. Rhoda Oberholtzer at Stauffer's of Kissel Hill.

She says, "I like to cook and bake very much." She makes and sells cookies at Christmas time to people she knows. Here is a quick and easy bar-type cookie which is delicious.

### 7 LAYER COOKIE

- 1/4 lb. butter
- Melt in 9" x 13" baking pan.
- 1 cup graham cracker crumbs
- 6 oz. package chocolate bits
- 6 oz. package butterscotch bits
- 3/4 oz. or 4 oz. can coconut
- 1 cup chopped nuts
- 1 can Borden's sweetened condensed milk

Add layers in order given. Bake at 350 degrees for 30 minutes. Cut in bars or squares when cool.

A nice dessert to serve as refreshments when friends drop in.

### EASY DATE CRUMBLE TORTE

- 14 oz. pkg. date bar mix
- 1/2 cup chopped walnuts
- 2 tablespoons melted butter
- 1 cup frozen whipped dessert topping

Combine the crumb portion of one package date bar mix and the nuts. Stir in butter, mixing well. Spread in 13" x 9" x 2" baking pan. Bake in hot oven (400 degrees) for 10 minutes. Break up with a fork, cool and crumble. Prepare date filling according to package directions, cool. Place half the crumb mixture in bottom of 10" x 6" x 1 1/2" baking dish. Cover with 1/2 cup frozen whipped dessert topping, thawed, then with date mixture. Repeat crumb and whipped topping layers. Chill several hours or overnight. Top each serving with a walnut half. Makes 8 servings.

A cherry dessert which can be made from your own canned cherries sweetened to taste and thickened as Miss Kendig does or can be made using cherry pie filling is

### CHERRY TORTE

- 20 graham crackers or 1 1/4 cups crumbs
- 1/4 cup sugar
- 1/4 cup melted butter
- Mix crumbs, sugar and butter and press in a 9" pan. This can be chilled for 15 minutes or can be baked 5 minutes in a 350 degree oven and cooled.
- Cream until smooth.
- 8 oz. pkg. cream cheese

### Travel Speed Affects Corn Seed Drop Rate

Planting speed affects corn seed drop. One of the contributing factors to the inaccuracy of the seed drop is the high revolutions per minute of the seed plate.

These rpm's are increased by setting the planter to plant more kernels per acre or by increasing the speed of travel by the planter over the field.

For example, when a planter is set for 20,000 plants per acre and is traveling at seven miles per hour, the seed plate speed is four times faster than when it is set for 12,000 plants per acre and traveling at three miles per hour.

- 1 1/2 cups 10X sugar
- Then add
- 1 pkg. Dream Whip (whipped) to cheese mixture.

Put on top of graham cracker mixture. Then add one pint size can of cherry pie filling and cool. Cut in squares and serve.

For variation, in place of graham cracker crumb mixture, you can use this mixture in a 9" x 13" x 2" pan and double the topping mixture and cherries.

- 6 egg whites

- 3/4 teaspoon cream of tartar
- 2 cups granulated sugar
- 2 cups saltines crumbled by hand
- 1/4 cup nuts

Beat egg whites and cream of tartar until stiff. Add sugar gradually and beat well. Stir in saltines and nuts. Bake 25 to 30 minutes at 350 degrees.

Now for a main dish that can be prepared ahead of time and removed from the oven piping hot is nice to enhance your picnic style meal outdoors in the summer.

### PORK CHOP AND NOODLE CASSEROLE

- 6 pork chops
  - 2 teaspoons salt
  - 1/2 teaspoon pepper
  - approximately 4 cups wide noodles (uncooked and unbroken)
  - 1 can tomato soup
  - 1/2 cup water
  - 2 tablespoons grated onion
- Brown pork chops in lard or drippings and season. Cook noodles, then place them in 1 1/2 qt casserole. Dilute tomato soup in water and pour over noodles. Place chops over noodles and cover tightly in casserole. Bake 1 hour at 350 degrees.

Miss Ethel M. Kendig's spring flower arrangement adds to the friendly atmosphere of her home.

Bleeding Heart is the pattern of this quilt of two shades of plain pink and a pink print on a white background which Miss Kendig just completed.

## Don't Gamble With Security

Money laid aside for retirement, a college fund, or family welfare deserves special treatment.

It should be saved where there is no question about safety. It should be readily available without penalty. It should earn a good return.

That's why most people use a savings account in which to accumulate a reserve. We invite your account, and in any amount, it's welcome.
