Ful O Pep Automatic Waterer \$11.95 (reg. \$11.95)

Arcadian Liquid.

**Now's the time
to plow down for corn.**

Build up soil fertility with SLF complete liquid fertilizer. We can make Arcadian SLF in any N-P-K ratio you need for balanced growing power. Plowing it down spreads plant foods throughout the root zone. Speeds decomposition of crop residues into soil-building humus.

Arcadian liquid is the fastest and easiest fertilizer you can use for plow-down. Saves labor. Pumps and hoses do the work. And liquid spreads evenly, smoothly. Doesn't segregate, clog or set-up. We can apply it for you or rent you the applicator. Either way you'll profit by plowing down Arcadian liquid now. It helps you land do more for you.
