

Grange Youths Warn of Road Resurfacing Delay

Lancaster County Pomona Grange 71 held a quarterly meeting at White House recently. Salisbury Grange 1685 was host. Since April is youth month in the Grange, the young people filled the officers' chairs.

(1) WHEREAS, The Sec of Highways has stated that he will

not resurface any roads during the present year as the money is needed to finance present and future road-building projects And

WHEREAS, It is not a good business practice to delay resurfacing beyond a certain point as such roads break up so badly that the cost of putting them back in service is almost as costly as a new road And

WHEREAS, The residents of rural Pennsylvania are largely the users of such roads And

WHEREAS, The rural motorists pay the same license fee and the same gasoline tax as other residents And

WHEREAS, The Highway Department will receive more than twice the amount of money this year as any other year in our history for road work. Be it

RESOLVED, That Lancaster County Pomona Grange 71, meeting in regular session, demand that a fair share of the highway fund be spent resurfacing and improving secondary roads

(2) WHEREAS, Law enforcing agencies are greatly hampered by some ridiculous decisions after they have used the drug of our higher courts, such as requiring said officers to knock

loudly, state who they are and why they are there before entering to make an arrest or seize evidence, under the guise of preserving the rights of the individual And

WHEREAS, Such stupid decisions do not uphold the intentions of the law and only serve to protect the criminal while millions of law-abiding citizens suffer at the hands of criminals And be it

RESOLVED, That Lancaster County Pomona Grange meeting in regular session, demand that those serving in judicial capacity consider the intent of the laws they are to interpret and the rights of the law-abiding citizens instead of the criminal And be it further

RESOLVED, That legislation be enacted giving law enforcing officers the right to do what is necessary to apprehend criminals.

(3) WHEREAS, The use of the drug commonly known as LSD causes the individual to behave in such a manner as to endanger their own life and the lives of those around them, even years after they have used the drug And

WHEREAS, It is odorless and

tasteless, and is often used by drug pushers to get new customers by dropping it in food and drinks to be consumed by said prospects, causing them to get deathly sick and in many instances losing their life Be it

RESOLVED, That LSD be placed on the same basis as heroin and other deadly drugs Be it further

RESOLVED That the penalty for serving it to any individual without their knowledge be death or life imprisonment as determined by the jury

(4) WHEREAS, The welfare program in our state is rapidly getting out of hand and is becoming one of the largest items on our state budget And

WHEREAS, This has been abetted by recent increases in the amount paid to welfare recipients and a recent decision of our courts that no one could be removed from the welfare rolls without a fair court trial which proved them ineligible And

WHEREAS, Many individuals are moving into our state, just to get on our relief roll. And

WHEREAS, State funds paid to welfare recipients are being used to support unions to work to get more and more money for such individuals And

WHEREAS, We recognize that Pennsylvania must have a welfare program to aid those really in need but we firmly believe that it should not be such as would encourage individuals to remain on relief rather than work, or such that it attracts individuals from other states, or gives them funds to support unions Be it

RESOLVED, That Lancaster County Pomona Grange 71, meeting in regular session, ask that our entire health and welfare program be carefully studied and such changes as necessary be made to correct the above discrepancies

(5) WHEREAS, There will most likely be an increase in the postal rate, in the near future, of the several classes of mail due to the increase of wages paid to the postal workers and federal employees.

WHEREAS, The increase in postal rates should be used only to pay for postal employees, not for every federal employe

WHEREAS, The Post Office Department should be self-sup-

Let the facts speak for themselves

The Geauga — Lake County Dairy Service Asso. Inc. represents 7100 cows.

The latest records show the following information.

24 cows with over 20,000 lbs. of milk
(we fed five of the top ten)

21 cows with over 750 lbs. of fat
(we fed four of the top ten)
(ours averaged 879 lbs.)

47 cows with lifetime fat production over 3,000 lbs.
(we fed 30% of those)

The highest herd average was 15,044 lbs. of milk.
(Guess who fed them.)

What we're trying to say is,
With performance like this, we must be doing something right.
