## Help Us Serve You

Is your farm organization's meetings making our farm calendar? If they're not and you think they should, let us know

As a public service to farmers and the farm community, we try to get as many meetings as we can on the calendar. But we miss some.

Remind us by calling 394-3047 or 626-2191 or by writing to Lancaster Farming, 22 E. Main St., Lititz, Pa. 17543. You can help us serve you better.

## Live Stock Body Moves To Increase Members

In a move to assure continued strong investor representation on its ruling body, the National Live Stock and Meat Board has amended its constitution relative to Board of Directors membership to allow greater representation from states.

Any state would qualify for an elected Directorate membership seat in which annual livestock feeder-producer-packer investments in the national program amount to either \$100,000 (a seat for each \$100,000); or as much as 50 per cent of the state's total investment potential. A minimum of \$25,000 was determined by Directors of the Board to be appropriate for the lowest qualifying level.

The potential income is determined from a formula of annual livestock marketings and slaughter in each state, combined with a minimum investment rate in the Board of 3-cents per head on cattle and 1-cent on hogs and sheep.

At present, Iowa has two State Director seats. Illinois, Minnesota, Missouri and Nebraska each has one. It now appears that Nebraska may gain one additional seat and a new post may be opened to Montana, if present income projections are maintained through April.

## Buy Plants With Care

Many trees and flowered plants look beautiful and productive on a printed page but are flops in the backyard, the Pennsylvania Department of Agriculture cautions.

Henry F. Nixon, director of the Department's Bureau of Plant Industry, said some items listed for sale will thrive in warmer climates but will not survive Pennsylvania's winters.
