

# Gravy Train.

● POWERFUL MOTOR "UP AND AWAY" FOR SERVICE, SAFETY  
● HUGE, FLARED 14" TROUGHS FOR EXTRA CAPACITY

**Strength, Performance, Dependability. You've got 'em all with VAN DALE'S NEW TRAVELING BUNK FEEDER.**

Van Dale's SCF-1400 is the traveling feeder to put you on the track to faster, more profitable operations. Automatically, it delivers up to 40 tons of silage per hour to bunks on a single chain, continuous "shuttle" service.

Feeder trough chain is No. 67 pin-tie (12,500 lb. strength) and drive chain is C-550 steel (average top strength of 10,000 lbs.). Interlocking, snap-together galvanized metal components reduce erection time as much as 50%. Suspended or floor-mounted, rails are mounted with Van Dale's exclusive clip-on brackets to provide extra-rigid support. Unit adapts to any feeding need in-barn or out-of-doors.

## Garden Spot Senior Wins Poultry Award

Nelson E. Weaver, a Garden Spot High School senior, was named recipient of the first Poultryman of the Year award at the school's assembly Thursday by Victor F. Weaver, Inc., New Holland.

Weaver, son of Mr. and Mrs. John M. Weaver, New Holland RD1, received the \$200 dollar cash award for outstanding achievement in the poultry field.

He was President of the Glassland Chapter of FFA during the 1969-70 term and was a recipient of the Star Farmer award in 1969.

In an essay prepared for award competition, Weaver said, "We may be heading for a 'big bust' in both egg and broiler prices. The future, however, undoubtedly holds many further technological changes and advancements. The poultryman who survives will be the one who takes advantage of these advancements."

"Poultryman — Excellent Achievement" awards were also presented to four qualifying students representing each high school entering the award competition. The winners of these awards are: Ronald Zimmerman, son of Mr. and Mrs. John M. Zimmerman, Narvon, Garden Spot High School; Fred E. Miller, son of Mr. and Mrs. Claude D. Miller, Conestoga, Penn. Man- or High School; Michael Herr, son of Mr. and Mrs. Melvin G. Herr, Lititz, Warwick High School; and Clair Witwer, son of Mr. and Mrs. Roy V. Witwer, for all 61 areas.

Lancaster, Lampeter-Strasburg High School.

The award winners were judged on their involvement in personal and family enterprises, scholastic achievement, FFA, school and community leadership and an essay pertaining to the importance of the poultry industry in the world's food market.

A committee composed of two vocational-agriculture teachers representing schools not having applicants and a Lancaster farm agent judged the application.

## Milk Use Rises in 15 Areas, Down Overall

Per capita consumption of fluid milk products (in terms of milk equivalent) was generally lower during 1969, the USDA reported last week. Over-all, it was down from 1968 in 45 of 60 markets, up in 15 markets.

But, per capita consumption of low-fat and skim milk products was up from a year earlier in 55 markets, unchanged in two others, and down in only four markets. Per capita consumption of whole milk items, on the other hand, was down in 48 markets, up in only 13.

Data on total per capita consumption of fluid milk products is available on only 60 areas (un- son of Mr. and Mrs. Melvin G. Herr, Lititz, Warwick High School, and Clair Witwer, son of Mr. and Mrs. Roy V. Witwer, for all 61 areas).

## HER JOB BETTER MILK PRODUCTION

## OUR JOB QUALITY FEEDS

Let us help keep milk production high with scientifically formulated Dairy Feeds to meet needs of calves, heifers, dry cows, milkers . . . to protect health, promote growth, increase productivity.

*We Salute the Dairy Farmer*
