Farm Women Societies

Society 5

Society of Farm Women 5 met at Groff's Farm Restaurant, Mount Joy. The dinner celebrated the 50th anniversary of the Society.

County officers were entertained.

Speaker was Miss Elizabeth Workman, a member of the group, who read the minutes of the first meeting held by Society 5.

Awards were given to those attending the most meetings. The next meeting will be held Aug. 29 at the cottage of Mrs. Kent Frahingers.

Mrs. Freda Huber gave a selection of a poem commemorating Mrs. Lille Forbes' birthday. Miss Janet Jackson gave a harp presentation.

An exchange student from Soke, Turkey, Miss Rahime Ozbas, played her guitar and sang native folk songs for the afternoon's program. She is the guest of Mr. and Mrs. Edgar Brown, Quarryville, and is taking part in the Experiment in International Living. She is sponsored by the Quarryville Rotary Club.

The next meeting will be Thursday, Aug. 27 at Chestnut Level Church. Hostesses will be Mrs. Mary Sinclair, Mrs. Helen Ressler, Mrs. Leeta Trimble.

Manheim Community Park with 16 families attending the covered dish event.

Food committee included Mrs. Gordon Landis, chairman, Mrs. J. Nelson Hess, Mrs. J. Harold Esbenschade and Mrs. Roger Thome.

Game committee included Mrs. Jay Hershey, chairman, Mrs. Amos Landis and Mrs. James Buckwalter.

The next meeting of the group will be on Aug. 27. Members will meet at the Clearview Diner at 6:30 p.m. to go to tour the Hershey Medical Center, Hershey.

The hostess for the meeting following the tour will be Mrs. Dave Garber at her home in Marietta RD1. Mrs. Kenneth Martin is president of the group.

Society 11

Society of Farm Women 11 met at Willow Valley Thursday afternoon for an anniversary banquet.

Society 26

Society of Farm Women 26, Manheim, held their family picnic on Sunday afternoon in the

DIFOLATAN® 4 FLOWABLE

The only flowable fungicide made to fight potato blight.

Last year we introduced DIFOLATAN 4 Flowable. This year it's the fastest selling potato fungicide on the market.

There are a lot of reasons for this. One is that DIFOLATAN is the only completely flowable fungicide you can buy. That makes it easier to handle. There's no dust to bother you when pouring it. And because it's flowable, it goes through any nozzle. In other words, it won't clog your equipment.

And when it comes right to the heart of the matter — fighting blight — ORTHO DIFOLATAN is better than any fungicide being sold today.

It gives excellent protection against both early and late blight. And is particularly effective against tuber rot.

DIFOLATAN sticks to the plant, resists weathering from rain or sprinkler irrigation. That means you can maintain your schedule without worrying about the effects of weather or irrigation.

Protection against tuber rot is outstanding. When you put potatoes in storage, you'll never know how well you did in the blight fight until you've shipped the last of them. Fields may look reasonably healthy before harvest, but if you put infected tubers into storage, you can find yourself with a costly heavy cull out of late blight tuber rot infection.

DIFOLATAN works to give you greater yields of healthy potatoes. And—because it's flowable—it does that even better.

The first time you use DIFOLATAN 4 Flowable will be the last time you ever see potato blight.

Another good thing about the fastest selling potato fungicide. It works on cucumbers, melons, and tomatoes, too.
