Miss Betsy Jayne Ellsworth

in the Junior High Gym Club and played on the Ephrata High Hockey Team for three years. She has also served as a swimming instructor at the Ephrata Pool for four years. She has also

## ● Have You Heard

(Continued from Page 23)

strong interests in community affairs, to read, and to enjoy friends.

When you are released from some of your household chores and you have more free time, you may be frustrated because of the American feeling that work is what chiefly counts in our society. So, as time off from work and free time increase so does the sense of guilt and uneasiness.

Everyone has some freedom from work. That's what leisure is. But the thought of leisure time is frightening to too many housewives and they fear boredom. Perhaps, without even knowing it, they avoid leisure. They make extra work for themselves instead of enjoying their newly found freedom.

Some women even work at their play. Many things they do have an emphasis on organization. If they develop a hobby, it may become a supplement to their income in addition to their enjoyment from pursuing the hobby.

With technological advances, more leisure is in your future. Begin now to prepare yourself for this extra free time so you can use it to your best advantage.

## Some Tobacco Facts

Next to money, cigarettes and other tobacco products, change hands more often in retail sales than any other items, according to William A. O'Flaherty, executive director of the nationwide Tobacco Tax Council. U.S. tobacco customers last year spent \$10.3 billion, with taxes on tobacco products amounting to about 43 per cent of consumer expenditures. The Federal tax on a pack of cigarettes is 8 cents.
