**To Honor Queens**

A box social and square dance to honor the 4-H Achievement Day queens will be held at 6:30 p.m. Wednesday at the Farm and Home Center.

A square dance will follow at 8 p.m.

**New York 4-H**

A group of 25 New York 4-H members will visit Lancaster County Tuesday afternoon and Wednesday morning, reports Miss Joan Lucas, assistant extension home economist.

The group will tour Lancaster County.

**4-H Wildlife Club**

The Lancaster 4-H Wildlife Club's activity for August was, to some members, the highlight of the year's activities.

Club founders, the Melvin Longs, opened their large Potter County hunting cabin to a group of about 16 persons who ate all their meals by an outside fire. The women prepared good tasting food which included chicken, noodle soup, spaghetti, watermelon and brownies.

The group left Lancaster at 8 a.m. Friday and arrived at the

Long's at about 4:30 p.m. That evening the group hiked up the old road to a beaver dam.

The next day included another hike to a state quarry where individuals initiated its walls. That afternoon consisted of a 25 mile drive to a lake to swim and sunbath.

Sunday was the long trip home by way of the Pennsylvania Grand Canyon.

The next meeting planned is to help fill out record books and to socialize.

**Penn Willow 4-H**

On August 14, the Penn Willow 4-H Community Club held its regular monthly meeting in conjunction with a sleep-out at the home of Mr. and Mrs. Robert Martin.

After the business meeting, members played games and had a treat. The following morning the chef's club prepared breakfast for the club members.

The next monthly meeting on September 11 will be a talent show.

### Start raising more and better Calves the Easy NURS-ETTE way

No more carrying pails of warm water or hand mixing milk replacer. Just fill the hopper of the NURS-ETTE with milk replacer and the NURS-ETTE will mix milk replacer and warm water and keep it warm until calf nurses the mix (approx. 14 oz.)

Then it will mix a fresh batch of water and replacer.

Eastern says:

# MILK-MARKETING DOORS MUST BE KEPT OPEN!

The dairy farmer can afford to see milk-marketing doors close like he can afford an extended plague of garget.

Back in the 'Teens and Twenties, handlers closed their doors deliberately, but with full intent of opening them again after farmers had seen 'the light of reason'.

Today, many of the dairy farmers' market outlets are in danger of being forced to close up—with very little hope of taking the lock off, ever again. And when the number of handlers shrinks to a handful, Monopoly moves in: Even the pretense of competition is dead.

Do you want this to happen by default? Or would you rather fight? And don't think it won't take courage.

Now, more than ever, it takes *cooperative courage*—the do-something-about-it kind made possible by interaction in a membership of nearly 10,000 dairy farmers of Eastern Milk Producers.

In Eastern, 'doing something about it' means defending the farmer's market for milk. It means increasing his share in over-all milk profits. It means active promotion of milk and milk products. It means helping the farmer when he's 'locked in' by quarantine or bad weather. And much more.

It's the foundation for *cooperative courage*. To participate in Eastern's fight to keep milk-marketing doors open—and in all other benefits—call your local Eastern representative right now. Or write:

This  
big edge  
inside...

gives you  
a big edge  
outside.

New Super 717 forage harvester has extra-strong, reinforced cutterhead that keeps chopping in toughest cutting conditions. It chops uniformly fine to 3/16". New sickle-bar attachment with heavy-duty reel and forged-steel knife guards requires less maintenance... lasts longer.
