## WHITE BUTTER BREAD

(Baked in coffee cans)

Dissolve 1 pkg. of yeast in  
 1/2 cup warm water  
 1/4 teaspoon ginger  
 1 tablespoon sugar

Let set for 15 minutes. Add  
 2 tablespoons sugar  
 1 can evaporated milk (13 oz.)  
 1 teaspoon salt  
 2 tablespoons salad oil  
 4 to 4 1/2 cups unsifted all-pur-  
 pose flour  
 Add 1 cup at a time (electric

beater). Beat thoroughly after  
 each addition. Last cup will have  
 to be beaten by hand (Beating  
 adds texture)

Put in well-greased (butter)  
 cans. Place lids on tops, let rise  
 till lids "pop off." Bake in pre-  
 heated oven, 350 degrees, for 45  
 minutes or until it sounds hol-  
 low when tapped on top. Re-  
 move from oven, brush with but-  
 ter. Let stand 5 to 10 minutes in  
 can. Remove from can, let cool  
 thoroughly on rack. Dough can  
 be frozen in cans.

### RUM ROLLS

1/2 cup milk  
 1/4 cup shortening

1 teaspoon salt  
 1/2 cup sugar  
 1 pkg. yeast  
 1 egg  
 1/2 teaspoon rum extract  
 3 1/2 cup sifted flour (all-pur-  
 pose western flour)  
 2 tablespoons melted butter  
 1/4 cup seeded raisins, cut  
 Pour scalded milk over 1/4 cup  
 sugar, shortening and salt. Cool  
 to 110 degrees or luke warm.  
 Dissolve yeast in 1/4 cup luke  
 warm water and add. Beat until  
 smooth. Add beaten egg and 1 table-  
 spoon rum extract. Add 1/2 of the flour  
 and beat until smooth. Add re-  
 maining flour and mix well.

Cover and let rise in warm,  
 place until double in size (about  
 3 hours). Roll into 2 strips —  
 each 12" long, 1/2" thick and 4"  
 wide. Brush with melted butter  
 and sprinkle with sugar and  
 raisins. Roll up. Cut rolls in  
 crosswise slices about 3/4" thick.  
 Place in greased pans (muffin  
 or round or square pan) and  
 let rise until double in bulk.  
 Bake at 350 degrees 15 to 20  
 minutes. As soon as rolls are  
 removed ice with icing made of  
 1 cup powdered sugar, 2 table-  
 spoons hot water and 1 teaspoon  
 rum extract. Makes 24 to 30  
 rolls.

## HOLLAND STONE

*a luxury you can afford*

Inside, outside, you'll find the rich  
 quarried look of HOLLAND  
 STONE adds a touch of real eie-  
 gance to your building design.  
 And yet, HOLLAND STONE is  
 one of the most economical build-  
 ing materials today. Its unique  
 versatility in size and shape lends  
 a structural freedom to builders,  
 meeting new ideas, as well as cost  
 problems. Comes in a wide choice  
 of naturally warm, distinctive  
 colors, plus Colonial white.
