Let PP&L's Reddy Lite Service provide your home, farm, business or industry with extra protection and safety outdoors after dark. Reddy Lites can mean safer parking areas, safer nighttime working conditions, better visibility for farm chores, more yard enjoyment. And they'll discourage prowlers, vandals and pesky animals.

The deluxe white mercury vapor lamp, equivalent to the light output of 405 watts of incandescent lighting, will brighten an area approximately 100 feet in diameter. When an installation is made under normal conditions* your cost for fixture, installation, maintenance, bulb replacement and electricity is only \$4.20 per month plus applicable Pa. State Sales Tax and tax surcharge.

The lamp is mounted approximately 25 feet above ground on a PP&L pole, or on the customer's own pole or structure, if, upon examination, they prove sound and satisfactory.

Let us tell you more about Reddy Lites. Call PP&L today or complete and mail the coupon below for a free survey of your outdoor lighting needs.
