

AGWAY

Roofing, siding, timbers, poles, hardware. You name it, Agway has it.

Whether you're repairing or building, Agway can provide everything needed for the entire project—including equipment

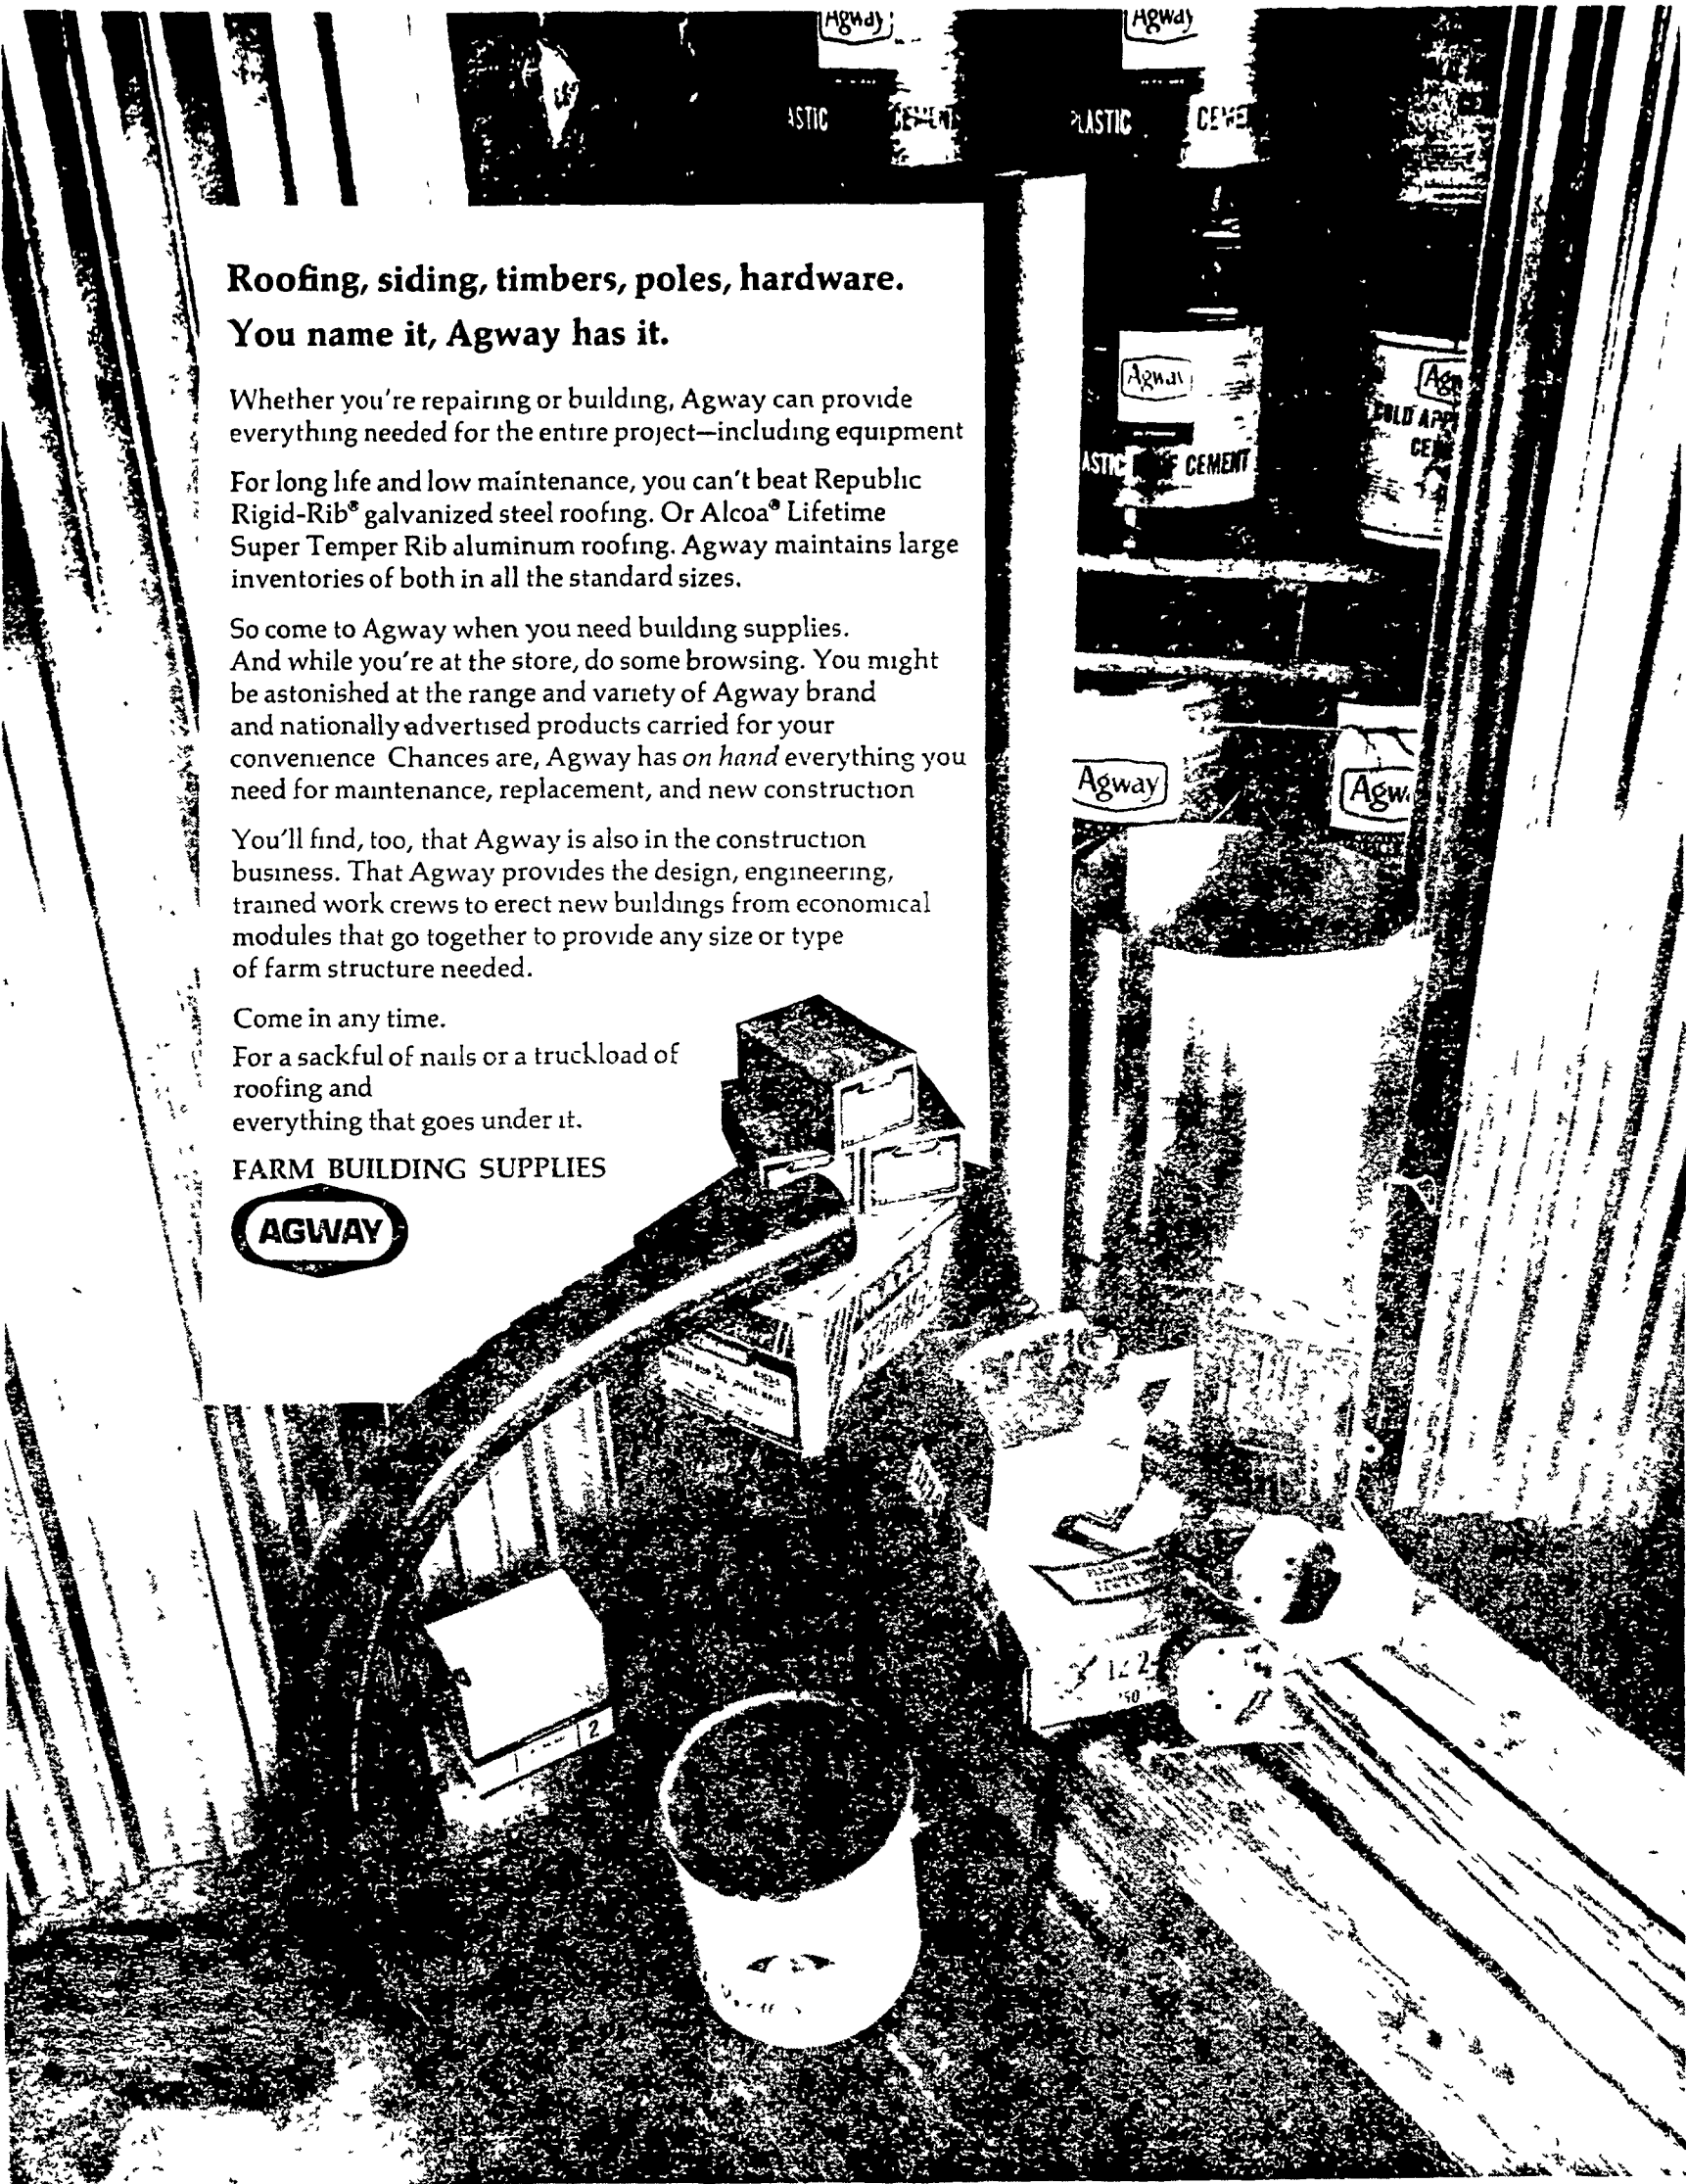

For long life and low maintenance, you can't beat Republic Rigid-Rib® galvanized steel roofing. Or Alcoa® Lifetime Super Temper Rib aluminum roofing. Agway maintains large inventories of both in all the standard sizes.

So come to Agway when you need building supplies. And while you're at the store, do some browsing. You might be astonished at the range and variety of Agway brand and nationally advertised products carried for your convenience. Chances are, Agway has *on hand* everything you need for maintenance, replacement, and new construction

You'll find, too, that Agway is also in the construction business. That Agway provides the design, engineering, trained work crews to erect new buildings from economical modules that go together to provide any size or type of farm structure needed.

Come in any time.
For a sackful of nails or a truckload of roofing and everything that goes under it.
