**Greenchop while dew still drips . . . with a crop-chopper from New Holland!**

Morning dew and a little rain won't stop a Model 33 or Model 36 Crop-Chopper. Moisture-proof seals protect heavy-duty rotor shaft so dampness and dirt can't creep in. Special auger shield rejects moisture, dirt and debris thrown up by the knives. Two-edged knives can be reversed to give double chopping life without re-sharpening. High-speed cutterhead double-chops material while blowing it into the wagon. And remember: New Holland Purchase Plan financing makes it easy for you to own the best!
