

Egg Marketing Association Report

At a recent meeting of the Pennsylvania Egg Marketing Association, Frank Troester called attention to a letter from NEMA, requesting the Association to send a representative to their meeting in November. Tom Smith indicated that he planned to attend and by request of the Association will represent them. Kermit Birth reported that there will be a one day Seminar on the use of a computer on November 12 at Penn State University. In addition to information on how a computer works and can work for industry, considerable information will be available regarding assistance in programming for computer use. Birth stated that early registration is desirable because more than a minimum number must respond, otherwise the session will be canceled. Frank Troester reported that he, Sam Berenson and K. M. Souders will confer with Mr. Cunnon, Director of the Bureau of Markets, regarding the Produce-Dealer License Act. Upon receipt of information on how the egg marketing industry will be affected by the Act, a report will be made to the entire membership. A report by Earl Hess indicated that committees have been appointed and it is expected that

each one will go to work and report progress on the egg brand program at the next meeting. Raymond Sauder, reporting for the standards committee, indicated that his committee wishes to set up standards that will create a good image of Pennsylvania quality. He said that more details will be developed and a report presented at the November meeting. Ben Burkholder indicated that when the several other committees on the promotional program have developed working arrangements, his committee will be ready with pricing information. Ernest R. Bergeron, Consumer and Marketing Service, Washington, D. C., discussed "Egg Marketing Under Post Attack Conditions"

FARMERS- Earn extra money with a Case BACKHOE LOADER

Have you thought of the extra bonus you get with a Case backhoe or loader? Right in your area, there are plenty of people who need loading or excavating work done. The pay is excellent. Some farmers are making more money on the side than with their farming operations. The New CKs are so easy to operate. Anyone can become a proficient operator. Get a heavy-duty farm loader plus a profitable "part time" job, all in one machine. We have the most liberal financing opportunities available right now.

Gravy Train.

• POWERFUL MOTOR "UP AND AWAY" FOR SERVICE, SAFETY
• HUGE, FLARED 14" TROUGHS FOR EXTRA CAPACITY

Strength, Performance, Dependability. You've got 'em all with VAN DALE'S NEW TRAVELING BUNK FEEDER.

Van Dale's SCF-1400 is the traveling feeder to put you on the track to faster, more profitable operations. Automatically, it delivers up to 40 tons of silage per hour to bunks on a single chain, continuous "shuttle" service. Feeder trough chain is No. 67 pin-tile (12,500 lb. strength) and drive chain is C-550 steel (average top strength of 10,000 lbs.). Interlocking, snap-together galvanized metal components reduce erection time as much as 50%. Suspended or floor-mounted, rails are mounted with Van Dale's exclusive clip-on brackets to provide extra-rigid support. Unit adapts to any feeding need in-barn or out-of-doors.

Federation Goals

What is the purpose of the Pennsylvania Poultry Federation?

The Federation by-laws spells out the purpose and powers as follows:

To affiliate in a single statewide poultry organization all individuals and organized groups of individuals within the Commonwealth of Pennsylvania who are interested in supporting any phase of its poultry industry

To aid, assist and encourage the work of all affiliated poultry organizations and to assist them and their individual members wherever and whenever possible in the prosecution of their enterprises

To initiate, promote and secure cooperation among individuals

and groups of individuals to properly support and protect the production, processing, distribution, and consumption of poultry and poultry products to the greatest mutual advantage of producers, processors, distributors, and consumers, and to disseminate information with respect to the poultry industry so that it may be properly protected and preserved as a part of agriculture in the Commonwealth of Pennsylvania

To cooperate with all official governmental agencies serving the poultry industry in Pennsylvania, so that the poultry industry may better serve all persons and organizations in any way associated with it

To do all things necessary and incidental to the above purposes.

Mol-Mix®

Liquid Feed Supplements

Now Available at

JOHN Z. MARTIN

New Holland R#1

Mol-Mix is a high quality liquid feed supplement with a molasses base, which supplies energy, protein, vitamins and trace minerals at low cost. Scientifically-developed to balance grain and roughage intake while stimulating rumen activity. The Mol-Mix formula aids in better feeding efficiency, providing lower cost gains for cattle on range and in the feedlot.
