PACA Violations Reported against the firm for repeated George Steinberg & Son, Inc., PACA violations. From April 1968 through May 1969, the firm failed to pay more than \$67,000 due 21 sellers for 328 purchased lots of produce.

Hugo Mileo, a produce dealer doing business as Mileo & Son, at 1829 Tenbroeck Ave., Bronx, N. Y., has failed to pay a reparation award of \$24,834 issued under the Perishable Agricultural Commodities Act, the U. S. Department of Agriculture announced recently.

USDA's Consumer and Marketing Service said the firm's PACA license has expired and the firm is closed.

C&MS officials said disciplinary proceedings were filed

COMPLETE AUCTION SERVICE

BUX®
**MORE FARMERS
USE IT THAN
ANY OTHER
ROOTWORM
INSECTICIDE.**

What makes BUX so special? A lot of things, including effective season-long control. Just a single application of BUX at planting time keeps corn standing tall right up to harvest. Besides that BUX offers several "extras." Extras no other rootworm insecticide can give you. It resists leaching in rainy weather. It's lower in toxicity than most other corn rootworm insecticides. You don't need special clothing or equipment. Just follow label directions. Corn treated with BUX can be fed to livestock. It won't bridge over in applicator hoppers or clog equipment. It doesn't have an objectionable odor like other insecticides. It's made with non-abrasive clay granules, so it's easy on equipment . . . making calibration easy too. So treat your corn to BUX. Before rootworms treat themselves to your corn.

TM'S — Ortho, Chevron and Design, helping the world grow better, Bux — Reg. U.S. Pat. Off. on all chemicals read cautions, warnings and directions before use
