

County Agent Speaks at Annual

(Continued from Page 23)
 taurant every Tuesday at 6 15 p.m.

This club participates in the Experiment In International Living project by helping finance the program and by entertaining a foreign student in their homes in the summer. Last year Miss Rahime Ozbas, Turkey, visited in four of the area Rotarians' homes. She visited in each home two weeks and one week where she chose.

Quarryville Rotary takes part in many community projects, some of which they have initiated and others in cooperation with other organizations.

Probably the most costly one is the Learn To Swim program which they have conducted for several years. They pay to bus children to and from the Quarryville Memorial Park pool for a two week period in the summer. Lester Warfel, chairman of community service, provides bus service. The Red Cross furnishes instructors, many of whom donate their services.

For many years they have sponsored a girl in the Harvest Queen contest, also one for the Miss Solanco pageant. The Easter Egg Hunt is another annual event they have conducted for several years. This is held for local children Easter Sunday afternoon.

This year they will send two boys to Rotary Leaders Camp which is a camp conducted by the 33 Rotary clubs that comprise District 739. This is held the latter part of June at Circle T Ranch, near Clay in Lancaster County.

The Quarryville club pays toward the expense of Camp Harmony Hall which is located back of Middletown and is held for crippled children every summer. This is conducted with Easter Seal Society For Crippled Children and Adults of Lancaster County selecting the children who attend. At the end of the camp season all of the children put on a program for the Rotary members.

Three different Rotary Club work details go there at 4 p.m. in May to clean up, paint, replace windows and cut weeds in preparation for the camp. These men have a chicken barbecue each time for fellowship and each individual pays for his own meal.

This year Quarryville Rotary initiated a new program which started December 1970. For nine months they are honoring students who excel in various fields. In December one was selected for leadership, in January for music and February for science. They are treated to dinner at the club's regular meeting. By this means, they hope to promote understanding between teenagers and adults.

Lester Warfel represents Quarryville Rotary Club on the committee which is trying to secure a medical clinic and staff for the Solanco area.

One of the main sources of revenue is their annual chicken barbecue at Quarryville Memorial Park which is held the second Saturday of June.

The annual election of officers was held at the February 23 meeting. Elected were: president, William M. Friedd, vice-president, Jay McComsey, secretary, Robert R. Heir and treasurer, R. Clair Murphy. They will assume their duties July 1.

Arcadian Liquid.

Now's the time to top-dress grass.

Unlock the profits hidden in your pastures and meadows. Top-dress grass with Arcadian Golden URAN® liquid nitrogen. Properly fertilized, grass can produce yields packed with protein and equal in feeding value to a big corn crop. For best results, fertilize several times a year. Start with an Arcadian SLF mixed liquid fertilizer. Then follow with Golden URAN top-dressing after each cutting or grazing. Use SLF mixed fertilizers for top-dressing

mixed grass and legumes and alfalfa stubble after a crop has been removed. Add weed killer such as 2,4-D and trace elements if needed, to do more jobs at one time. Arcadian liquid spreads quickly, gives uniform coverage, and is economical to use. We'll spread it for you, or you can do it yourself. Start now to make your most neglected crop your most profitable one.

HOG SYSTEMS OR EQUIPMENT

BIG DUTCHMAN HAS IT ALL!

REDUCED MORTALITY RATES... LESS LABOR... EASY MANAGEMENT... SANITATION... DURABILITY... YOU GET ALL OF THESE ADVANTAGES WITH A BIG DUTCHMAN FARROWING UNIT. Workable design and durability make the Big Dutchman Farrowing Unit the leader in the field. Constructed of tough 16 gauge SQUARE steel tubing and embossed draft panels with heavy galvanized side wall, it offers maximum rigidity while exclusive reinforced edges assure stability. Lower side bars are double strength and feature easy adjusting. Side members are WELDED to the frame doing away with time consuming nut and bolt cleaning. Built in Big Dutchman HEAT MATS and SLATTED FLOOR reduce mortality rates. Pigs are born on the porcelainized steel slatted floor and immediately seek warmth of the first of two "safety zone" heat mats. When the first heat mat is turned off, they seek the heat of the second mat which is located at the front of the unit. By nesting on this mat, pigs quickly form the good dunging habits vital to a disease free environment. Heat mats will not overheat the sow, reducing pig loss due to discomfort and uneasiness. FOR FARROWING, FINISHING, GESTATION or NURSERY... for one piece or an entire system... for total confinement, semi confinement or pen feed lots, it will profit you to look to the leader. Big Dutchman has equipped hundreds of profit making hog operations and has an open invitation for you to inspect them. Contact any Big Dutchman dealer, representative or write to Hog Division, Big Dutchman, Zeeland, Michigan 49464. We are eager to make the necessary arrangements for your visit.
