Say, all you Corn growers,

here's great news about better broad spectrum weed control...

Lasso plus atrazine does the job!

That's right! Now you can tank mix liquid Lasso from Monsanto with atrazine and control about any grass or broadleaf you can think of including the Fox tails, Fall Panicum, Crabgrass, Witchgrass, Cocklebur, Pigweed, Smartweed, and even Annual Morningglory is no match for Lasso plus atrazine

Don't settle for less than maximum weed control, but don't take chances either. Lasso plus atrazine is safe to your Corn and there's no carryover problem.

For tank mix instructions about Lasso plus atrazine see Your Farm Chemical Supplier Now

Lasso plus atrazine gets the job done in all major Northeastern soil types—wet weather or dry. Apply it pre emerge or preplant incorporated just once and forget it. Troublesome, yield cutting grasses and weeds will never see the light of day.

Folks are finding out about Purina's great sow ration... **PURINA FARROWING CHOW...specially developed to fit the sow's needs at farrowing time.**

Purina Farrowing Chow is the result of five years of testing at the Purina Research Farm Brood Sow Unit. It's developed to fit the sow's needs for a palatable, bulky, well-balanced, vitamin-fortified ration from a few days before farrowing till about a week after farrowing.

This 14% protein ration, containing grain, is fed as the sow's sole ration. It comes in Checker (pellet) form only, which helps maintain freshness. An nf-180* option to help control scours in baby pigs is available. Purina Farrowing Chow has the "just right" nutrients sows need at this critical time. It's economical, too.

THIS IS THE YEAR to do everything possible to help your sows farrow lots of pigs and wean big litters. Give them the built-in advantages of Purina Farrowing Chow.

COME AND GET IT: Purina Farrowing Chow is available at our store right now. Come in and see, feel, smell and taste this product. You'll like its appearance. Your sows will go for it, too. Try Purina Farrowing Chow now.
