

GRAIN BINS

Grain bins owned by Commodity Credit Corporation, are being offered at public sale in Ohio and Indiana

Bins must be used for storage of agricultural commodities and purchaser must remove bins from site within 30 days of date of sale

Interested farmers should contact local ASCS office at the Farm and Home Center for dates and locations of sales or phone 397-6235

Co-Ops to Sponsor FFA Dairy Contests

Two of the largest dairy marketing cooperatives in the nation recently announced they will join the National FFA Foundation in sponsoring two educational dairy contests at the National FFA Convention this fall in Kansas City, Missouri

Associated Milk Producers, Inc., of San Antonio, Texas, and Mid-America Dairymen's Association, Inc., of Springfield, Missouri, will co-sponsor the National FFA Contests in Dairy Cattle and Dairy Products judging.

Representatives of both Associated Milk Producers, Inc., and Mid-America Dairymen's Association, Inc. met with National FFA President, Dan Lehmann, recently to sign a sponsoring agreement

The dairy judging contests are two of five National Judging Contests held each year at the National FFA Convention. They are the culmination of FFA dairy judging contests that begin at the local chapter level and proceed through contests at the district and state levels

In sponsoring the Dairy Products and Dairy Cattle Judging Contests, Mid-America Dairymen's Association, Inc., and the Associated Milk Producers, Inc., have agreed to provide funds to help offset administrative expenses, as well as to provide awards and travel money for the contestants

The Satisfaction That Comes From Doing A Good Job Of Farming

It's a great feeling to know that you are the master of your farmlands . . . that when you treat your soil right, it will treat you right. Liming is one of the most important factors in keeping your soil in the highest productive range. By raising the pH from a level below 6.0 to 6.5 or higher, you can expect to harvest 8 more tons of alfalfa per acre, with similar increases for all other forage and cash crops.
