Are your steers making steady gains?

Red Rose PROGRAMMED

BEEF

... is the way to better beef gains. This system helps you to choose the feeds to use — and how much to use — to give the results you want.

STEP BY STEP the Red Rose Programmed Beef method shows you how to raise steers to market weights easier, and more efficiently. The result? It's better beef animals and more money for you!

We're anxious to get you started on our Programmed Beef system and want to explain the program to you. Call us!

Capons Coming

The second delivery of 4-H capons is scheduled for delivery to Mervin Peifer's farm, Manheim RD1, on Monday and 4-H'ers with capon projects have been instructed to pick them up between 1 and 2 p.m.

The birds cost 72 cents each. Ten 4-H'ers are slated to pick up a total of 2,000 capons, with the number ranging from 50 to 600 each.

Missionary Assigned

Jane Myers, Mount Joy RD2, was among 14 new missionaries to receive assignments recently from the Eastern Mennonite Board of Missions and Charities. She will teach in a business school in Mogadiscio, Democratic Republic of Somalia. She will leave in August.

Dreaming Animals

It is probable that most of the higher mammals dream. Sleeping dogs, cats, apes and horses, make sounds and movements similar to those of sleeping human beings, and it is reasonable to believe they are dreaming.

insects chewing tobacco?

Just spray Diazinon. That will stop insects like aphids, flea beetles, and grasshoppers. It will break their habit of ruining your crop.

Call on us for Diazinon, today.

P. L. ROHRER & BRO., INC.

Smoketown, Pa.

Ph. 397-3539

I can harvest all my crops self-propelled with Uni. And at real savings. I run about 100 acres of corn through my Uni-Sheller; the rest through my Uni-Picker. My soybeans, well, I get them with my Uni-Combine. I also do a lot of custom work.

can you?

Oliver Johnson, Grain Farmer

That's how grain farmers feel about Uni. They like what it does. Depending on their needs, it lets them plant and harvest self-propelled, make haylage and silage self-propelled, make ear corn feed, even remove snow quick and easy—self-propelled.

Uni-System...
CAN DO machines
from the CAN DO people.

If you haven't seen Uni lately, stop in. It's the coming thing and we're trading big.
