NOW... get the best deal on a new FOX in 40 years!

LET'S TALK TRADE . . .
Starting with a \$50 U.S. Savings Bond—
Yours with any new FOX forage harvester!

There never was a better time to switch to Fox! Because when you invest in a Fox forage harvester, you get a second great investment at no extra cost: a \$50 U.S. Savings Bond.

Check out this lineup from the pioneers of modern forage harvesting

- Fox model 425 with 2-corn row capacity.
- Fox model 2000 for medium powered tractors (up to 110 hp) with up to 25% more production than before
- Fox model 3000 for big tractors (up to 165 hp) with capacity up to 100 tons per hour.
- Big Fox self-propelled, now with up to 238-hp diesel engines and hydrostatic drive.

All have the time-proven Fox features that have made Fox the standard of the industry for over 40 years. Example: Fox pioneered cylinder cut and separate blowing for uniformly and completely cut silage.

Invest in your future! See your Koehring Farm Division dealer today. He's ready to deal like never before.

Get on the Fox bond wagon.
