

Page Appointments

Congressional pages are appointed on a patronage basis by members of Congress and by the marshal of the Supreme Court with

consent of the chief justice. There are 26 pages in the Senate, 50 in the House and four in the Supreme Court—80 in all. Girl pages were appointed for the first time in 1971.

Princep turns weedy alfalfa into alfalfa again.

Spraying Princep™ 80W on dormant alfalfa this fall, can give you better quality, high-yielding alfalfa next year.

It can lengthen the life of your alfalfa stand, and make your hay worth more. If you've got a weedy alfalfa stand at least a year old, spray Princep and you'll cut cleaner hay next year.

Adams County to Get Food Stamps

The U.S. Department of Agriculture recently designated Adams County, Pa., to have a Food Stamp Program.

Designation of Adams County was requested by the Commonwealth of Pennsylvania. Financial support will be provided by the Emergency Health and Medical Services of the Office of Economic Opportunity.

Adams is the last of Pennsylvania's 67 counties to be designated.

USDA's Food and Nutrition Service reported that 3,102 counties and independent cities across the country have a food assistance program—either the food stamp program or the food distribution program—and two counties (including Adams) are in the "planning stage."

From a low point of nine no-program counties, the number has now increased to 25, due to withdrawals in some States. These include 12 counties that were formerly distributing donated foods—nine in Missouri and two in Texas and one in Colorado—and four nonoperating counties in Idaho and one in Montana that relinquished their food stamp designations.

The food stamp program enables eligible low-income

families to increase their food-purchasing power by investing their own food money in federal food coupons worth more than they paid for them. The coupons are spent like cash at retail food outlets authorized for the program.

PROTECT YOUR BARN AGAINST DETERIORATION!

LET US PAINT IT INEXPENSIVELY THIS NEW SCIENTIFIC WAY . . .

You can save big money by contracting with us to paint your barn. New Hydra-elevation equipment eliminates expensive scaffolding. Fast, new air-friction painting penetrates pores in addition to brush coverage. Send postcard for details and free estimate. No obligation.

High capacity, plug-free chopping with

Uni-Forage Harvester.

Name your chopping job and Uni will do it. With big 6' wide windrow pickup, a direct cut attachment, 2 or 3-row crop head, or Uni stripper plate cornhead for making ear corn feed.

You'll be amazed at the plug-free cutting ability of this high capacity machine. Three upper feed rolls and six spiral knives chop hour after hour with a more uniform cut . . . down to 3/16".

There's a choice of six cutter head screens to make even more uniform feed and better packing in the silo.

And that's only part of the story. You can switch to Uni-Combine, Picker, Sheller, Tool Carrier or Rotary Snow Plow in an hour's time . . . thanks to the unique interchangeable Power Unit.

Uni-Forage Harvester . . . another reason why owners say . . .

Uni-System just plain makes more sense!
