

## 225 Attend Lancaster Co. 4-H Banquet

(Continued from Page 4)

Martin, Mr. and Mrs. Robert Martin.

Mrs. Richard Melly, Mrs. Donald Newcomer, Mrs. Melvin Ressler, Mrs. Allen K. Risser, Mrs. Roy Sauder, Mrs. William Shroeder, Mrs. Howard Wagner, Mrs. Kenneth Walton, Ira Welk, Mrs. Melvin Wenger, Mrs. Louise Williams, Mark Yoder, David Zimmerman, and Phyllis Zuber.

The news reporter awards were presented to Mike Campbell, the Penn Willow 4-H Community Club and JoAnne Hurst, of the Bergstrasse Busy Bees Club. The awards, chosen from among several entries, were based on club scrapbooks with news clippings and other information indicating an outstanding job of communicating the club's activities to the community. The awards were given by Lancaster Farming and the Intelligencer Journal.

In election of officers for the County 4-H leaders council, the following were elected: Jacob Fisher, agriculture, northwest district; Kenneth Rutt, agriculture, southeast district; Donald Hastings, agriculture, southern district; Mrs. Betty Williams, home economics, northeast district, and Mrs. Luke

Brandt, home economics, southwest district. The five were elected for two year terms.

Robert Groff president of the 4-H Leaders Council, conducted a business meeting, assisted by Miss Judy Longenecker, who gave the secretary's and treasurer's reports.

Ray Brubaker, president of the 4-H County Council, was master of ceremonies and invocation was given by Miss Peggy Hamilton,

president of the home economics division of county Council.

Presenting entertainment were: Sally Garber, who was the first place 4-H talent winner, a violin solo, and Kathy Hastings, second place talent winner, a tap dance.

Mrs. Doris Thomas, Lancaster County Extension home economist, introduced Mrs. Sue Doyle, the new Extension employee in food and nutrition. Mrs.

Thomas also described progress in developing the nutrition program and introduced others working in the program.

The Rev. J. Wesley Anderson, minister of the Bethany Presbyterian Church, was guest speaker. He emphasized the need for adults today to provide leadership for youth.

He recalled that in his day there was a song about "I'm Sitting on Top of the World." Today there is much talk about disappointment and discouragement. But pointing to

people in the audience, he said they're examples of "something right."

He said adults today need to be sincerely motivated and "deal gently and with concern" with young people.

While young people today are enthusiastic for new ventures and want to have things done yesterday, Rev Anderson emphasized that young people have always had this type of energy. He said adults must not be afraid to deal with this enthusiasm and to give the guidance which young people seek

## Bainbridge Youth and Solanco Chapter Top FFA Judging Contest

Robert Gruber, Bainbridge RD1, of the Elizabethtown FFA Chapter, was the high individual contestant at the FFA County Judging Contest last week at the Ephrata Fair.

Gruber scored 720.3 points out of a possible 800 to beat out Scott Heckel, Paradise RD1, of the Solanco FFA Chapter. Heckel had 705.2 points.

Randy Clark, Quarryville RD2, also of the Solanco Chapter, was a close third with 701.8 points.

Heckel and Clark led the Solanco Chapter to a first place in school average in competition with eight other Lancaster County FFA Chapters.

Solanco was first place team with 612.3 points, beating out

Grassland FFA of New Holland, which was second with 581.5 points.

Other FFA chapters and their scores and ranking were as follows:

Cloister FFA of Ephrata, 572.3, third; Manheim Central FFA, 556.7, fourth; Elizabethtown, 551.3, fifth; Pequea Valley, 531.1, sixth; Warwick FFA, 528.4, seventh; Garden Spot FFA of Lampeter Strasburg High School, 528.0, eighth, and Penn Manor FFA, 501.0, ninth.

Other high individual scores were: Mervin Groff, Manheim RD2, of Manheim FFA, 701.6, fourth, and John Weaver, Ephrata RD1, Cloister FFA, 696.1, fifth.

The judging involved several categories including dairy, livestock, sheep, swine and poultry.

Scott Mull, Quarryville RD1, of Solanco FFA, was first in dairy judging with 287.1 points out of a possible 300. He will receive a \$25 savings bond from the Lancaster County Guernsey Breeders Association.

Other top placings in the dairy judging were: Bill Krantz, Quarryville RD1, Solanco FFA, 281.0, second; Dale Spangler, Peach Bottom, Solanco FFA, 280.5 third, Robert Gruber, who was first high individual overall, 278.3, fourth, and Daryl Sensing, East Earl RD1, Grassland FFA, 276.3, fifth.

# Ortho's FREE Nitrogen Replacement Offer takes the worry out of fall fertilization!

Last year, growers all across the corn belt took us up on our "Green 'n Easy" fall plowdown program. Response was so enthusiastic, we are making the offer again this year.

### What is "Green 'n Easy"?

Under an Ortho "Green 'n Easy" program for corn, you simply plowdown Ortho Unipel 20-10-10 this fall in the amounts you determine from exclusive Ortho yield goal formulas — and you'll be through with all of your pre-plant plowdown of N-P-K.

Follow it up next spring with an at-planting application of Ortho Unipel Starter Special. You can apply it as a "dry pop-up" with the seed at 50 lbs/A and save time and material handling, while assuring a vigorous start for your corn crop.

### What are the chances of nitrogen loss?

Extensive research conducted by corn experts in every corn-growing state has demonstrated time and again that where losses of fall-applied nitrogen have occurred in fields suitable for fall plowdown (that is, other than sandy soils, steep slopes, land that floods, or organic soils), the maximum loss has been less than 20%.

### Ortho stands behind its program

If your young growing corn in the fields where you have followed the Ortho "Green 'n Easy" program, shows nitrogen deficiency next spring, we'll correct the deficiency by giving you — free — enough nitrogen to equal 20% of that which you applied this fall.

### Why is Ortho so confident? . . . Unipels!

Ortho Unipels are unlike any other fertilizer on the market today. Unipel pellets are both chemically and physically uniform. No chance for segregation or separation of ingredi-

ents because every pellet has the same size, shape, and density and every pellet contains the precise ratio of N-P-K guaranteed. And the phosphate is fixation resistant. So, once across the field does it with Unipels!

### You can't lose!

Protect your fall fertilizing investment this year with a "Green 'n Easy" fall plowdown program from your participating Ortho dealer. Visit with him soon and learn if your fields qualify. For the name of your nearest dealer, or free literature, send this coupon today.
