

MODERN HOGMEN ARE COST CONSCIOUS, AND THEY ARE SWITCHING TO PIONEERWAY BECAUSE...

"IT'S THE THING TO DO"

FEEDS MADE THE PIONEERWAY GIVE THESE IMPORTANT BENEFITS

- FASTER DAILY GAINS. Hogs eat more, gain more
- IMPROVED FEED CONVERSION. Less feed required per pound of gain
- LESS WASTE. Each bite is right — hogs get uniform protein-energy intake every time.
- RESEARCH PROVED — QUALITY CONTROLLED...

My garden doesn't know when to stop producing.

I don't believe in pulling weeds in October but the rain has caused them to grow big along with the carrots and beets. There is still an abundant supply of limas, tomatoes, peppers and cucumbers.

The past few days I've spent picking up corn from the fields with reluctant children. They are sure the piles of corn are not worth the effort and sometimes I almost agree. Machinery can harvest a lot, but it can't get it all and of course we try to save the balance.

The lung cancer death rate among men increased 15-fold in 35 years and the rate is going up among women. Lung cancer is largely preventable, says the American Cancer Society—just stop smoking.

One evening this summer just at dusk we discovered a cemetery in a wooded knoll within stone's throw of a housing development and a new school. Many woodchucks inhabited the area and the tombstones were badly broken. With a flashlight, we could read familiar names such as Kline, Rohrer and Stauffer. Some were dated 1749 and 1771 and were written in German.

The grounds in a few are well-kept, but many are in deplorable condition. Apparently this is one of the disadvantages of a burial site on a family farm

It is now one year since I've been sharing my experiences with unseen friends. Occasionally, I meet a reader who identifies herself, but more often I hear of them indirectly. I am very flattered to have an avid fan, whom I've never met, in the M.T.H.S. French class

I BOUGHT IT NOW ON ACCOUNT OF HESSTON'S EARLY BUYER BONUS — AND MAW JUST COULDN'T WAIT TO TRY IT OUT.

In addition to any tax advantage there's a sensible, money-saving reason for buying a windrower now —

a cash bonus for early buyers!

Hesston has it!

Windrowers sold in the spring are manufactured in the fall, so Hesston has a small fortune tied up in inventory at the factory and on the dealer's lot. If we were able to put that money to work early in the year, we'd save a bundle. So when we make a special offer, we're not being big-hearted or soft-headed, just practical.

If you will buy a windrower during the fall or winter months instead of waiting until spring, Hesston will send you a check direct from the factory. It's sort of an early-buyer bonus for the interest money we save on a big equipment inventory.

The earlier you buy, the more you save. The table shows the amount of the check for the model and month. You gain in another way, too. The earlier you buy, the more likely your Hesston dealer is to add a little something extra to the deal.

Hesston is turning haying into a one-man world!

Ask about Hesston's Interest Waiver Plan that pays the interest on Hesston Hay Equipment until May 1, 1972!

If you're looking for a better deal on windrowers, we're ready to deal now!
