

Placing bales of straw on wagons in preparation for hayrides for the sixth grade students from the Ephrata Elementary, Akron Elementary and Fulton Street Elementary Schools Wednesday are: left to right, Gerald Musser, Dennis Palm, Bob Strauss, all members of the Cloister FFA Chapter of Ephrata. The event on the Glenn Wissler Farm near Clay was provided by the FFA to mark Farm-City week and inform the youth about agriculture and conservation.

FFA, Farmer Host Youths During Farm-City Week

Glenn Wissler shows some of the 250 steers on his farm near Clay. The animals were among attractions seen by area sixth graders Wednesday during a tour.

Titus Burkholder of Cloister FFA Chapter shows his Shetland sheep which was on display for elementary school students at the Glenn Wissler farm Wednesday. The farm house is in the background.

ANOTHER SATISFIED CUSTOMER ON THE WAYNE FEEDING PROGRAM

Clarence M. Murry, Drumore RD1, Pa. with Wissler Run Silver Tulip.

Mr. Murry says:

"I was particularly pleased with the success I had with Wayne Feeds because:

In the Spring of 1971 I was contacted by the Pennsylvania Holstein Association in regards to heifers in my herd that might meet the qualifications of their Holland project.

The country of Holland had requested 40 Holstein heifers from the United States that would meet the following qualifications:

1. Calf must not be vaccinated for brucellosis.
2. Born - February 1, 1971 through June 30, 1971.
3. Sire must have a plus proof on 50 daughters of more.
4. Dams records completed must average on anME basis at least 15,600 pounds milk.
5. If dam is classified, she must be at least 100 BAA.

The calf Wissler Run Silver Tulip No. 7892993 met these qualifications through her dam Wissler Run Glen Lad Bubbles No. 5462014 V. G. 85, who to date has produced 132,479 pounds of milk and 4,454 pounds of fat and who was born August 29, 1961 and has had 8 lactations.

Her sire was Dee Ann Silver Tim No. 1435690 with 184 Plus Proven daughters.

I was happy that my heifer qualified and was chosen for the Holland project and would like to say that I also have a herd of 33 Registered Holstein cows and 35 heifers of all ages. My DHIA record for the year ending September 30, 1971 was 15,338 pounds milk with 3.8 per cent test and 587 pounds fat.

My entire dairy herd is on the Wayne Feeding Program and needless to say I am well pleased with the results."

I PURCHASED WAYNE FEEDS FROM
