## Save more of your dollar-rich leaves

Harvesting pasture or green feed? The Gehl FC72 chopper out throws 'em all . . . even in heavy, wet crops. Blows to the back of the box. And you'll find a hundred other jobs; green feeding . . . harvesting corn stalks, mowing weeds, cutting down and tangled hay, harvesting straw after the combine. Stop in today. Find out how you can own a Gehl FC72. We can help you get this machine into your harvesting system this year.

## Federal Order Proposal Promotion Reported

"Last year the delegate body passed several resolutions having a direct bearing on promotion and advertising and a collection of funds for promotion and advertising," reported Dr. Paul E. Hand, economist of Inter-State Milk Producers' Cooperative.

Dr. Hand told the more than 400 delegates and guest who represent 3,000 dairy farmers in a four state area, that Inter-State on its own and through Pennmarva and the National Milk Producers Federation, has participated in many activities in the past year related to these resolutions.

"Inter-State members have doubled their contribution to ADA of Atlantic and have requested the promotion program of 05 CWT under the Federal Order No. 4 A Federal Order Hearing was held on September 21 and 22, 1971, in Baltimore, Md."

Dr. Hand cited the specific part of the request made during this Federal Order Hearing. He said the specific proposal to amend Order No. 4 provides for the following:

(a) The selection of a producer Agency to administer the program. Each five per cent of the producers (cooperative and non-cooperative producers would be separate) has one representative to the Agency.

(b) A rate of payment of five cents per hundredweight would be collected.

(c) A refund to a producer who did not support market development if the request is submitted in the first 15 days of the month proceeding the calendar quarter of the year.

(d) A maximum of five per cent of the money to be used for administration.

(e) Authorized expenditures for American Dairy Association and Dairy Council activities.

(f) Locally devised programs.  
(g) Other administrative provisions consistent with the law.

## Purina Dairy Conditioner Special can prepare cows for good production at low cost

If you're not among the many good local dairymen who have started mixing Purina Dairy Conditioner Special with your own grain to build a research-proved dry cow ration, it can pay you to check into this low-cost way of feeding dry cows.

Purina Dairy Conditioner is a 16 percent protein ration, fortified with extra Vitamins A and D plus phosphorus to help guard against milk fever.

To help you save on dry cow feeding, Purina Research recommends varying feeding levels, depending on cow condition and the quality of your roughages. For example, if a cow is in good condition and your roughages are of excellent quality, you would feed less Purina dry cow ration than if the cow were in only fair condition and if the roughages were of only fair quality.

\*Reg. Trademark—Ralston Purina Co.

Using Purina Check-R-Mix\* formulas we can build you a low-cost dry cow ration, combining Purina Dairy Conditioner with your grain. Or, if you're feeding low-protein roughages, it may pay you to feed Dairy Conditioner "straight" — just as it comes from the bag.

More and more successful area dairymen are proving that good dry cow feeding pays off in extra cow condition — and extra milk production in the next lactation. For example, 100 to 200 pounds of additional body weight at freshening can pay off in 1,000 to 2,000 pounds of extra milk during the lactation.

Drop in soon and get your free copy of the Purina Dry Cow Program folder. We'll be glad to point out how Purina Dairy Conditioner Special can help prepare your dry cows for good production at low cost.

## In the Kitchen

### GRAPEFRUIT-CRANBERRY SALAD

2 large grapefruit  
1 can cranberry sauce  
French dressing  
Lettuce  
Chicory

Peel grapefruit and separate segments, chill thoroughly. Unmold cranberry sauce from can onto a plate and cut in six slices. Cut each slice with star cookie cutter. Marinate grapefruit segments in French dressing. Arrange cranberry star with four or five grapefruit segments on crisp lettuce and chicory. Serves six.
