Directors of the Pennsylvania Plant Food Educational Society for 1972, elected at the organization's recent annual meeting on the Pennsylvania State University campus are: left to right, S. Glenn Ellen-

berger, Lehigh County agricultural agent; Elwood Funk, Lititz RD4, representative of the Chemgro Fertilizer Company, and Dr. James L. Starling, head of the Penn State Department of Agronomy.

Society 28

Farm Women Society 28 met recently at the home of Mrs. Robert Book, Leola. Mrs. Velma Hess served as cohostess at the meeting. Devotions were led by Mrs. Norma Denlinger.

Mrs. Doris Thomas, Lancaster County Extension home economist, spoke on "The Nutritional Program in Lancaster County" during the meeting.

Mrs. Harold Rohrer, Lancaster

County Farm Woman of the Year, gave a report on the recent state convention she attended as a delegate.

Plans were discussed for members to entertain guests at Conestoga View on February 17.

The next meeting of the group will be held February 24 at the home of Mrs. Harold Byers, 75 Hillcrest Avenue, Strasburg. Each member is asked to take a packaged box lunch which will be auctioned during the meeting.

Purina Dairy Conditioner Special can prepare cows for good production at low cost

If you're not among the many good local dairymen who have started mixing Purina Dairy Conditioner Special with your own grain to build a research-proved dry cow ration, it can pay you to check into this low-cost way of feeding dry cows.

Purina Dairy Conditioner is a 16 percent protein ration, fortified with extra Vitamins A and D plus phosphorus to help guard against milk fever.

To help you save on dry cow feeding, Purina Research recommends varying feeding levels, depending on cow condition and the quality of your roughages. For example, if a cow is in good condition and your roughages are of excellent quality, you would feed less Purina dry cow ration than if the cow were in only fair condition and if the roughages were of only fair quality.

*Reg. Trademark—Ralston Purina Co.

Using Purina Check-R-Mix* formulas we can build you a low-cost dry cow ration, combining Purina Dairy Conditioner with your grain. Or, if you're feeding low-protein roughages, it may pay you to feed Dairy Conditioner "straight" — just as it comes from the bag.

More and more successful area dairymen are proving that good dry cow feeding pays off in extra cow condition — and extra milk production in the next lactation. For example, 100 to 200 pounds of additional body weight at freshening can pay off in 1,000 to 2,000 pounds of extra milk during the lactation.

Drop in soon and get your free copy of the Purina Dry Cow Program folder. We'll be glad to point out how Purina Dairy Conditioner Special can help prepare your dry cows for good production at low cost.
