### If something happens to you, will your family and your farm stay together?

Let your man from Agway General help you make sure they do!

Probate records show that the average farm estate shrinks by 20 to 30%—sometimes even more—before it ever reaches the heirs. Estate taxes, debts, court costs, legal fees—all clamor for cash. If it's not readily available, what can your family do? Mortgage or sell off part of the land? Sell the herd? Sell valuable equipment? Dismal choices. And certainly not what you have in mind.

Your man from Agway General is familiar with the problems that you face. He knows how best to plan life insurance to handle long or short-term debt. To cover estate taxes and other settlement costs. So your farm can go on supporting your family just as you've always intended. And he can set up your life insurance program without any increase in your estate taxes.

He's a farm insurance specialist. Through Cover/all Insurance, he can create a plan that meets all your insurance needs: Life, Home, Farm Buildings, Possessions, Accident and Sickness and Income Disability... as well as Automobile and Workmen's Compensation in most states.
