

Left to right, Mrs. J. Everett Kreider, Mrs. Ira Welk and Miss Donna Welk prepare ice cream mix at Fulton Grange Monday night.

Annual Ice Cream Festival Held by Fulton Grangers

Fulton Grange 66, meeting at Oakryn recently observed June Dairy Month by making 83 quarts of ice cream and presenting a program on milk. The committee in charge of

Mr. and Mrs. Earl Smoker prepare strawberries to go with homemade ice cream at Fulton Grange.

making the ice cream was Mrs. Ira Welk, Mrs. J. Everett Kreider and Mrs. Charles Reath. The Grange men cranked by hand and operated electric and power-driven freezers. They were so sincere in their efforts that Earl D. Smoker turned one freezer by hand for several minutes only to find the can empty. Anyhow, the can was good and cold for a batch of mix. The refreshment committee served strawberries with the ice cream.

Mrs. J. Stanley Stauffer Jr presented the program and conducted a game dividing the group into 12 groups selected by the months of their birthdays. Each composed a milk promotion slogan. Each group is to select a

talent number for the talent program July 24.

Mrs. Doris Thomas, home economist, Lancaster County Extension Service, spoke to the Grange on "Milk And It's Importance" and distributed milk recipe books. Robert B. McSparran, Director of Inter-State

Milk Producers, spoke on "Milk Promotion."

Mrs. Beulah Mullen impersonated Tiny Tim and sang "Tip Toe Through The Tulips." She was accompanied by Glenn Hough. J. Everett Kreider and Charles McSparran told jokes.

QUALITY

THAT'S AN ELUSIVE COMMODITY ISN'T IT? THIS IS OUR APPROACH TO QUALITY IN DAIRY FEEDS.

1. **Formulation Control**
 - a. requirements determined by our own research.
 - b. computer selected ingredients to meet those requirements.
 1. not least cost formulation
 - c. current and legal registrations and tag.
2. **Incoming Ingredients**
 - a. sample every one before unloading.
 - b. maintain quality records on each supplier. (they really hate us for that)
3. **Quality Production**
 - a. precise mixing procedure on vitamins and minerals.
 - b. close tolerances on all ingredients.
4. **Quality of finished product**
 - a. visual inspection.
 - b. correct identification.
 - c. lab analysis.
 - d. flushing between feeds.

Quality control is a way of life with us, not simply a program.

ONLY BROCK has all this.

Full Range Of Bin Sizes And Styles
6 models 28 sizes 6, 7, 9 and 12 foot diameters Capacities range from 3 to 55 tons

Ground Level Operated Lid
Lid opens or closes easily with the pull of a chain

Completely Galvanized Bin
Every part from lid to boot including legs and braces is fully galvanized

Precision Fabrication
A new plant using the latest manufacturing methods produces a more accurately punched, more beautifully formed, easily erected bin

Better, Built Bin
Heavier gauge steel higher tensile steel, better galvanized finish makes BROCK the finest in its field

Brock Auger Delivery System
A single motor delivery system for poultry hog and cattle feeding

All-Out Bottom
The original, patented bin bottom that out performs all others

Brock Leadership
Brock leads all others in the feed bin business. You are years ahead with Brock

Northeastern Warehouse For Brock Bins.
We Stock Most Sizes

Brock Builds a Better Bin

12 ft — 6 Sizes

6 ft — 8 Sizes — 2 Models

7 ft — 4 Sizes

9 ft — 10 Sizes — 2 Models

WE SELL, SERVICE AND INSTALL

So much capacity should cost more. It doesn't. Why wait?

NEW 615-715 COMBINES

- Up to 107 hp engines.
- Up to 96 bushel grain tank capacity
- Quick-Attach platforms and corn heads
- Variable speed cylinder and fan drives
- Belt propulsion or Hydrostatic All-Speed Drive.
- Full-width threshing, fin-and-wire racks
