David E. Weaver, Glen Moore — Marsh Acres Piney Empress 5897249, seven-years-old, 18,350 pounds milk, 828 pounds butterfat in 305 days; Springton-Manor

Armed Forces To Start 4-H

Secretary of Agriculture Earl L. Butz today expressed his gratitude to Secretary of Defense Melvin R. Laird for the Defense Department's authorization to establish 4-H clubs on military installations in the United States.

The Defense Department action was taken at the suggestion of the Department of Agriculture which conducts the 4-H program in cooperation with State land-grant universities and county governments. The suggestion was made after several members of the military services had inquired about having 4-H clubs for their children.

The Department of Agriculture's Extension Service will advise Extension Services at State land-grant universities to provide assistance in organizing 4-H programs

Fix-It Tip

In theory, outdoor redwood furniture does not need a finish. But there are redwood sealers which, while not hiding the grain of the wood, will enhance its beauty and make it more waterproof. These are pigmented sealers which restore color that fades with the weathering. The sealer also will make the wood resistant to stains and thus easier to clean
