Inaccurate Term

Air travel is familiar to millions of persons but the inaccurate term of "air pocket" continues to be used by many. An air pocket is actually a sudden downward stream of air that reduces the angle at which the wings of the airplane meet the air, thus creating a loss of lift and causing the airplane to drop.

Vote for the highest bank interest in America, and we'll put you aboard President Eisenhower's posh rail car!

The plush, exclusive Eisenhower railroad car, used for Presidential campaigning and other First Family travels. Interior view of the air-conditioned car shows living room (done in cherry wood) with fireplace (bronze front, gold trim) and elegant chairs and carpeting. The car is located at St. Peter's Village, an old restored Victorian village just off Rt. 23, near Knauertown, in northern Chester County.

We'll also put an Eisenhower silver dollar in your pocket!

It seems like a century since Dwight D. Eisenhower first sought America's highest elective office, with Mamie smiling at his side.

The year was 1952, and our country was vastly different. In fact, Presidential campaigning was vastly different.

"Ike", the popular World War II general, made some key television appearances. But much of his pre-vote time was given to traveling by rail, and meeting people face to face.

What was it like? Now you can find out—you can board the Eisenhowers' exclusive railroad car (at St. Peter's Village, just off Rt. 23 in

Chester County)—and do it FREE of charge!

To spotlight our national heritage, Farmers National Bank of Quarryville is offering its savings customers two, FREE tickets to tour the Eisenhower car. This plus a shiny,

Eisenhower silver dollar—also yours without charge.

Here's how it works:

If you're currently saving with us, and receiving the highest bank interest in America, just come in and deposit \$25 in your account. Then request your tickets and the silver dollar.

If you've not yet developed the saving habit, merely open an account with \$25. After which you can claim your ducats and silver piece.

So, before long, plan a trip to this Eisenhower shrine. You'll enjoy the learning experience. And, if nothing else, your silver dollar will buy the gasoline.
