Of course you expect a range to heat food and a refrigerator to keep it cool. But do you know that basic home appliances can perform other duties as well? To help you get the most from your appliances, General Electric's Consumer Institute has the following suggestions:

- If your automatic dishwasher doesn't have a "plate warmer" setting you can get the same result by advancing the cycle selector past the wash cycles to the dry portion of the cycle.

- For a cup of coffee the first thing in the morning, use the timed outlet on your range. Plug the coffee-maker in at night and set the timer for your AM coffee.

- If you have a large food freezer, try freezing meats and poultry in meal-size packages. Then you won't have to thaw more than you need. Once you thaw meat, it should never be refrozen, but you

Here's a cool harvest-time treat that'll put frost on your pumpkin...Frozen Pumpkin Pie. Chill one baked 9-inch pie shell in the freezer. Spoon one quart of softened vanilla ice cream evenly into the bottom of the crust. Return to the freezer to harden. In a small bowl, mix together 1 cup pumpkin, 3/4 cup sugar, 3/4 teaspoon pumpkin pie spice, and 1/2 teaspoon salt. Fold in 1 cup of whipped whipping cream. Spread over the ice cream layer. Then top with 1/2 cup chopped walnuts and freeze.

can cook it, and then freeze it for use at a later date.

- Automatic washing machines are great for brightening up your home. They make it easy to tint your clothes, curtains, bedspreads, etc. Just remember to wash the material first and tint it while wet. Use the hottest water possible and dissolve the dye before adding the items. The material will not be colorfast, however, so always wash it separately thereafter.

- Try tumbling the wrinkles out of garments by placing them in the no-heat fluff setting of a dryer. Saves time and professional pressing costs.

- To keep your waste disposer sanitary and its cutting blades sharp, feed it an occasional tray of ice cubes. Bones will do the trick, too, unless a canine companion has first priority.

**WE CAN'T GET  
OUR HANDS  
OUT OF THE  
SOIL EITHER.**

At Farm Credit we know people who wouldn't give up farming for anything

They farm part time, and hold down a city job too

We make loans to these people, the same as we do to fulltime farmers. Loans on anything to make farming easier, and pay better

Our interest rates are the lowest possible, our terms the longest around, and we'll go out of our way to help you

You see, we know how farming can get in your blood. Because we grew up on farms ourselves
