CALLING ALL FARMERS

Do you like organic principle but not price and unsprayed
bugs? Have good news. Two great products.

Agriserum:-A miracle working soil conditioner, fertilizer,
promoter of earthworms and large roots which reach through
the earthworm holes into the virgin subsoil where the minerals
are. Takes place of other fertilizer in a year or two, for only one
or several dollars an acre and gives more nutritious healthy
crops, thus healthy livestock and 1-5 more protein reports
occasionally. Soil gets looser and healthier with age.

Perma Guard:-A fossil flour, a non-toxic dust that kills all
kinds of bugs, insects, roaches, lice, fleas, ticks, moths, mites,
aphids (you name it) by dehydration rather than poison.
Positively harmless to all warm blooded animals, humans and
fowl, even good for them, containing valuable rare minerals,
tree elements, exterminates their worms. Excellent, safe
termites exterminator.

I and many other farmers in east Pa. and midwest states
proved these products well. I am an organic farmer because of
conscience. Doing right pays. It's high time we stop polluting,
destroying God's earth, Rev. 11:18, and tell others Prov. 15:7
or we both parish, Ezek. 3:17-19; 33:7-9. Study Joel 1 and Isa.
51:6-8 and Matt. 24:8 in German.

Will deliver until I'm too busy at planting time. My agri-
serum territory is north of Lancaster or where distributor is
not active and not known. Free literature.
