

Pennfield's Pantry of Special-Purpose Laying Mash

A Variety of Profit-Feeding-Programs For All Kinds of Layers

Peak production and profits start with using Pennfield's special-purpose feeds for the special requirements of your flock. You can select precisely what's needed for the individual strain, body weight of the bird and feed intake.

For instance, hens with low feed intake can be extra productive and profitable with the proper Pennfield feed. On the other hand, the right Penn-

field mash can support heavy production without over-consumption and at a lower cost.

Reach the maximum potential of your flock with the help of a Pennfield Poultry Specialist. He'll be glad to analyze your flock's requirements and recommend a Profit-Feeding-Program of feeds that vary in purpose rather than in price.
