

## Help Us Serve You

Don't assume we know about your farm organization's meeting. To get your meeting on our Farm Calendar, it's safer to assume we don't know.

Remind us by calling 394-3047 or 626-2191 or by writing to Lancaster Farming, 22 E. Main St., Lititz, Pa. 17543. You'll be helping us to serve you better.

P.S. — If you're not sure you told us already, we don't mind hearing from you again.

## What's new in herbicides?

### AAtrex<sup>®</sup> 4L. It pours.

New AAtrex 4L is the brand of atrazine that pours. This special liquified product controls most annual grass and broadleaf weeds in corn and sorghum right up to harvest just like AAtrex wettable powder.

But with AAtrex 4L there's no premixing. You simply shake and pour it directly into the tank. And apply in a minimum of 10 gallons of water per acre.

Easier handling. A minimum of agitation. And less chance of nozzle and screen plugging. That's AAtrex 4L. And we have it! In 1 gal. and 5 gal. containers. If you prefer, we'll apply it for you.

### Recycling Center Is Teen-Age Project

The teenage-operated recycling center in Dayton, O., has processed tons of recyclable materials in its first 18 months of existence. The center composts leaves, mulches Christmas trees, and conducts educational programs.

The facility is financed by

industry and has the full cooperation of many organizations in the community. It has helped a number of surrounding towns to open their

own centers and has produced a detailed guide for the development of the program.
